Amino acid metabolism and nutrition of farm animals continues to be an active area of research. However, since the publication of the first edition, as *Amino Acids in Farm Animal Nutrition* (1994), there is now a need to take into account advances in the amino acid nutrition of a wider range of animals, including companion animals. In this new edition, the editor has attempted to retain chapter imparting strength to the first version, while introducing authors with new ideas and vision, as well as chapters on other animals such as cats and dogs. The book is thematically structured.

comprehensive picture of lifelong learning and the radical changes needed if it is to become the cultural norm. Clearly written and readily accessible, the book identifies the shifts in attitude and behaviour which are needed to establish a lifelong learning culture. Looking ahead over the next quarter of a century, Jim Smith and Andrea Spurling show how government and learning providers must fundamentally reassess their use of time, space and finance. But, more than that, they also offer a practical, comprehensive and robust strategy for lifelong learning. Through trenchant analysis based on research commissioned by The Lifelong Learning Foundation, this book shows ways of confronting
