~~Assessment Advice~~

The study of Chemistry will develop your understanding of the interaction between human activities and the environment. You will learn how scientific understanding is dynamic and changes with new evidence, and explore options such as green or sustainable chemistry, which seeks to reduce the environmental impact of chemical products and processes.

Past SACE trial exams book (with
solutions) Approach to Revision

The key to this subject is to do
the past exam book multiple
times so do the problems in
pencil (or photocopy the pages).
When you encounter problem
areas you can flag it and redo the
problem at a later date to see if
you have fixed the issue.
