The test covers a wide range of fundamental topics but this study notes will focus on topics related to accounting, finance, purchasing, cost control, human resources and the rules/regulations related to the building and construction profession. There is no way you can pass the exam without having solid real world experience. Our notes give you knowledge, principles and concepts. And you need to know how the experts get things done. To succeed in the exam, you also need to read as many reference books as possible. There is no single book that can cover everything!
