More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement

and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

The connoisseur's guide to the typewriter, entertaining and practical. What do thousands of kids, makers, poets, artists, steampunks, hipsters, activists, and musicians have in common? They love typewriters—the magical, mechanical contraptions that are enjoying a surprising second life in the 21st century, striking a blow for self-reliance, privacy, and coherence against dependency, surveillance, and disintegration. The Typewriter Revolution documents the movement and provides practical advice on how to choose a typewriter, how to care for it, and what to do with it—from National Novel Writing Month to letter-writing socials, from type-ins to typewritten blogs, from custom-painted typewriters to typewriter tattoos. It celebrates the unique quality of everything typewriter, fully-illustrated with vintage photographs, postcards, manuals, and more.

THE BABY BOOK is a rich and invaluable resource that will help you get the most out of parenting—for your child, for yourself, and for your entire family.

What can the rise and reign of this century's most feared politician teach us about life, work and love? Rob Sears shows how the machinations that enabled Putin to dominate the Kremlin and undermine the United States of America could also help you take control of your mundane life. How would you like to ruin your enemies by sharing compromising material about that time they didn't wash their hands? Or annex territory by claiming the stationery cupboard at work as your personal empire? Fancy hacking democracy at the parent-teacher association to ensure you're a shoo-in for social secretary? Or serving up a cold dish called revenge in a high street restaurant? Filled with stories from Putin's extraordinary time in power, and ideas and illustrations to help you emulate him on a small scale, Vladimir Putin: Life Coach is the ultimate guide to releasing the pseudo-elected, judo black-belt, 5D chess-playing autocrat inside each and every one of us.
