Synopsis. Long recognized as the master of medical thrillers, in Seizure Robin Cook once again combines a fascinating scenario with cutting-edge suspense and the bold strokes of everyday reality. A seizure has to be one of the most frightening conditions known to the medical profession, and ever since publication of Coma, Dr Cook has been scaring us with his visionary insight into the most alarming possibilities of his own profession.

Cook constructs a promising yet ultimately wearying plot around the issue of therapeutic cloning, picking up where his last novel, Shock, left off. Readers are once again privy to the morally...

[Fiction Book Review: SEIZURE by Robin Cook, Author ...](#)

Robin Cook once again takes readers to the edge with this action-packed chilling medical thriller. He raises some very interesting social and moral issues and make it clear that politicians should not be the ones who decide whether a new medical technique should be available to the general public. SEIZURE is Robin Cook at his very best.

[Detailed Review Summary of Seizure by Robin Cook](#)

We've read all of Cook's medical "thrillers" (even his Egyptian mystery, the "Sphinx"), and would argue that some are a lot better than others. But along comes "Seizure", just possibly his best ever! A current affairs-type premise finds two intellectual doctors trying to save from impending financial ruin their stem-cell research company with a promising technology to grow disease-curing cells.
