"I ran, but all it did was keep me one step ahead of my past. I tried to start over; new name, new identity. But you can't change your soul. A fresh start at college was just what I needed. For a while, it worked. I was the party girl, the one that seemed confident, but it was a lie. ... I wasn't prepared to fall for someone. My scars were too deep, the wounds too raw. But he offered me peace, he offered me security. I should have known it was just another lie-- I should have known that falling in love with my professor was a bad idea. But I was powerless to stop myself from falling. And he was powerless to catch me"--Page 4 of cover.

Lucas Thorn wasn't born a cheater. All it took was a single moment—say, a certain disastrous incident on the night before his wedding—and boom. Reputation destroyed forever and always. So now he owns it. He has a lady friend for every night of the week (except Sundays—God's day and all), and his rules are simple: No commitments. No exceptions. But a certain smart-mouthed, strawberry blonde vixen is about to blow that all well, lust. And if Lucas stops cheating, it's definitely not because he's falling in love...

With astonishing honesty, this memoir, Get Me Out of Here, reveals what mental illness looks and feels like from the inside, and how healing from borderline personality disorder is possible through intensive therapy and the support of loved ones. A mother, wife, and working professional, Reiland was diagnosed with borderline personality disorder at the age of 29—a diagnosis that finally explained her explosive anger, manipulative behaviors, and self-destructive episodes including bouts of anorexia, substance abuse, and promiscuity. A truly riveting read with a hopeful message.Excerpt: "My hidden secrets were not well-concealed. The psychological profile had been right as had the books on BPD. I was manipulative, desperately clinging and prone to tantrums, explosiveness, and frantic acts of desperation when I did not feel the intimacy connection was strong enough. The tough chick loner act of self-reliance was a complete facade."

Toxic: "Everyone has a secret...Gabe Hyde is on borrowed time. He's been hiding his identity for over four years—hidden from the world that used to adore him—obsess over him—driven to the edge of insanity by one poor choice. But that one choice, altered the course of his life forever. Pretending isn't all it's cracked up to be, especially when pretending means hiding your real self from the people that care about you the most..."--Back cover.

The critically acclaimed, award-winning, modern classic Speak is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's Speak: The Graphic Novel comes alive for new audiences and fans of the classic novel. This title has Common Core connections.
