Annex A.12.1 is about Operational Procedures and Responsibilities. The objective of
this Annex A area is to ensure correct and secure operations of information
processing facilities. It ' s an important part of the information security management
system (ISMS) especially if you would like to achieve ISO 27001 certification. Lets
understand those requirements and what they mean in a bit more depth now.

ISO 27001 Annex A.12 - Operations Security

Management control systems as a package Understanding the outcomes of various
elements of management control systems (MCS) will help us to better focus the
analysis of MCS packages. In attempting to come up with different MCS
configurations, this study explores the various MCS elements and sheds some light
on the interplays and links of different controls.
