DIVAn anthology that explores film works by the "urban generation,"--filmmakers who operate outside of "mainstream" (officially sanctioned) Chinese cinema -- whose impact has been enormous./div

During the past few years the most serious part of the author's study and reflection has been devoted to the subjects discussed in this book. These, briefly stated, are as follows: Firstly, that all mental or cerebral faculties can by direct scientific treatment be influenced to what would have once been regarded as miraculous action, and which is even yet very little known or considered. Secondly, in development of this theory, and as confirmed by much practical and personal experience, that the Will can by very easy processes of training, or by aid of Auto-Suggestion, be strengthened to any extent, and states of mind soon induced, which can be made by practice habitual.

It's REEL. A concern for sincerity, and a new nostalgia, that will get inside your head and keep vividly playing itself back. This riff off It's A Wonderful Life is the one-of-a-kind hope for love to rescue us that so many authors not named Jeff Jarot wish they could write and the sort of dreamy results rarely seen in reality or the world of fiction. -Ricardo Cortez Cruz, author of Straight Outta Compton and Five Days of Bleeding Heartfelt and probing, Jeff Jarot's Zuzu's Petals illuminates the difficulty of living in a digital present while still longing for a receding, but more human, past. -Curtis White, author of We, Robots; The Middle Mind; The Science Delusion; Memories of My Father Watching TV; and others Like Nicholson Baker's U and I, Jeff Jarot's Zuzu's Petals is a freewheeling and inventive personal exploration that tries to come to terms with a cultural obsession, and in the process gives us new insights into a world driven by technology, pop culture, and consumerism. By turns nostalgic and philosophical, Zuzu's Petals is a lively and fascinating meditation on who we are and why we always seem to be falling short of those cultural images that continue to shape us. -James Plath, author of Historic Photos of Ernest Hemingway and Conversations with John Updike Zuzu's Petals earns our respect by tackling difficult and uncomfortable questions through an absorbing narrative and a cast of characters about whom we care. We follow the multi-genre story not only through traditional description and dialogue, but also through exchanges of text messages, a child's school essay, photographs, drawings, and fantasy scenes rendered in the form of film scripts. In the end, Zuzu's Petals makes us, in Zuzu's words, "pay attention" in new ways.-Bob Broad, author of What We Really Value

Presents a satirical response to the media's exploitation of today's twentysomethings, the generation sometimes known as "Generation X," and to the misrepresentation of their search for identity

What was it about Bob Marley that made him so popular in a world dominated by rock 'n' roll? How is it that he not only has remained the single most successful reggae artist ever, but also has become a shining beacon of radicalism and peace to generation after generation of fans? The man who introduced reggae to a worldwide audience, Marley was a hero figure in the classic, mythological sense. From immensely humble beginnings, with talent and religious belief his only weapons, the Jamaican recording artist applied himself with unstinting perseverance to spreading his prophetic musical message across the globe. In 1980, on tour, Bob Marley and the Wailers played to the largest audiences a musical act had ever experienced in Europe. Less than a year later, Marley would die, only thirty-six years old. Sales of Marley's albums before his death were spectacular; in the years since he died, they have been phenomenal. Chris Salewicz, the bestselling author of *Redemption Song*, the classic biography of Joe Strummer, interviewed Bob Marley in Jamaica in 1979. Now, for the first time, in this thorough, detailed account of Marley's life and the world in which he grew up and which he came to dominate, Salewicz brings to life not only the Rastafari religion and the musical scene in Jamaica, but also the spirit of the man himself. Interviews with dozens of people who knew Marley and have never spoken before are woven through the narrative as Salewicz seeks to explain why Marley has become such an enigmatic and heroic figure, loved by millions all over the world.

Universities continue to struggle in their efforts to fully integrate information and communications technology within their activities. Based on examination of current practices in technology integration at 25 universities worldwide, this book argues for a radical approach to the management of technology in higher education. It offers recommendations for improving governance, strategic planning, integration of administrative and teaching services, management of digital resources, and training of technology managers and administrators. The book is written for anyone wanting to ensure technology is integrated as effectively and efficiently as possible.

Welcome to the world of Windows 10! Are you ready to become the resident Windows 10 expert in your office? Look no further! This book is your one-stop shop for everything related to the latest updates to this popular operating system. With the help of this comprehensive resource, you'll be able to back up your data and ensure the security of your network, use Universal Apps to make your computer work smarter, and personalize your Windows 10 experience. Windows 10 powers more than 400 million devices worldwide—and now you can know how to make it work better for you with *Windows 10 All-in-One For Dummies*. You'll find out how to personalize Windows, use the universal apps, control your system, secure Windows 10, and so much more. Covers the most recent updates to this globally renowned operating system Shows you how to start out with Windows 10 Walks you through maintaining and enhancing the system Makes it easy to connect with universal and social apps If you're a businessperson or Windows power-user looking to make this popular software program work for you, the buck stops here!

Younglings can draw, color, and create with all their favorite characters from the Marvel films. From *Guardians of the Galaxy* to *Spider-Man*, every page is packed with doodles. Readers can use their artistic powers to bring these sensational scenes to life!
