Traveler, Cleric, Witch. The villagers in the sleepy hamlet of Lychford are divided. A supermarket wants to build a major branch on their border. Some welcome the employment opportunities, while some object to the modernization of the local environment. Judith Mawson (local crank) knows the truth -- that Lychford lies on the boundary between two worlds, and that the destruction of the border will open wide the gateways to malevolent beings beyond imagination. But if she is to have her voice heard, she's going to need the assistance of some unlikely allies... PRAISE FOR Paul Cornell's THE WITCHES OF LYCHFORD "At once epic and terribly intimate. This is the story of a village, not a city, and all the more powerful for that; not all big fantasy needs an urban setting. Beautifully written, perfectly cruel, and ultimately kind. This is Cornell at the height of his craft." — Seanan McGuire, New York Times bestselling author of the InCryptid and October Daye series "Rich in charm... local politics and witchcraft writ small and personal, but large in consequence. [Cornell] adeptly describes the emotion of magic; its effects and internal ignition of wonder. The feel of being exposed to magic for the first time and the feel of doing magic and having it done to you have never been better described in any story." — Bill Willingham, author of Fables and Down the Mysterly River "Masterfully creepy and sinister, all the more so for taking place in the beautifully drawn English countryside." — Jenny Colgan, author of Doctor Who: Into the Nowhere At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A common man ' s journey... YOUR ROAD MAP TO ACHIEVING FINANCIAL FREEDOM AND LIVING YOUR DREAMS Financial freedom is not defined by your net worth or your social status. It does not matter how much you earn — what matters is how much you can save and invest wisely. The secret to financial freedom is learning the basic concepts of planning well and adopting the right attitude. But how does one achieve this? Written by a common man for the common man, this book will help you lead a financially independent and conscious life. Everyone around us is trapped in a mindless rat race. If you ' ve resolved to take control of your finances and construct a personal finance plan, From the Rat Race to Financial Freedom is a good starting point.

A stand-up comedian offers a humorous collection of essays empowered by the brazen character she plays on HBO's Curb Your Enthusiasm, in book where she attacks such topics as men, dogs, psychotherapy and what to do when your date admits his inner child is Dame Judy Dench.

Battle: A History of Combat and Culture spans the globe and the centuries to explore the way ideas shape the conduct of warfare. Drawing its examples from Europe, the Middle East, South Asia, East Asia, and America, John A. Lynn challenges the belief that technology has been the dominant influence on combat from ancient times to the present day. In battle, ideas can be more far more important than bullets or bombs. Clausewitz proclaimed that war is politics, but even more basically, war is culture. The hard reality of armed conflict is formed by -- and, in turn, forms -- a culture's values, assumptions, and expectations about fighting. The author examines the relationship between the real and the ideal, arguing that feedback between the two follows certain discernable paths. Battle rejects the currently fashionable notion of a "Western way of warfare" and replaces it with more nuanced concepts of varied and evolving cultural patterns of combat. After considering history, Lynn finally asks how the knowledge gained might illuminate our understanding of the war on terrorism.

These spiritual lessons are based on Native American shamanism but fit a wide range of interests from yoga and alternative medicine to Bible study and nature hiking. Hands-on exercises, step-by-step instructions for ceremonies, and sketches by the author's wife explain how to clear spaces of unwanted energy, create simple ceremonies, connect with spirit guides and angels, and interpret symbols. An extended discussion tells how to make a medicine wheel that resembles a labyrinth and use it as an engine for distance healing. Additional ceremonies for daily living, healing the earth, and soul retrieval are also described, and the spiritual quest itself is shown to follow the process of choosing a sacred place in nature, finding a sacred place within oneself, and connecting to the inner and outer worlds. Readers are encouraged to keep a notebook about their spiritual growth and refer to the key words and suggestions for internet research that are included.

Born and raised in Massachusetts, her family's home since the 1630s, Hannah Howell is the author of over thirty Zebra historical romances. Her love of history prompts the choice of venue, and also her dragging her husband Stephen, to every historical site she can get to. Her fascination with the past makes research as much a pleasure as a necessity. It was a thrill for her to turn her love of history and writing into a career, one that allows her to share those loves with others.

Beginning with a review of the numerous studies that tend to emphasize the national, societal dimension of the Italian and French communist parties, Cyrille Guiat's book is a comparative study of the two parties from the early 1960s to the early 1980s.
