For twenty-two years, Katherine Bouton had a secret that grew harder to keep every day. An editor at The New York Times, at daily editorial meetings she couldn't hear what her colleagues were saying. She had gone profoundly deaf in her left ear; her right was getting worse. As she once put it, she was "the kind of person who might have used an ear trumpet in the nineteenth century." Audiologists agree that we're experiencing a national epidemic of hearing impairment. At present, 50 million Americans suffer some degree of hearing

loss—17 percent of the population. And hearing loss is not exclusively a product of growing old. The usual onset is between the ages of nineteen and forty-four, and in many cases the cause is unknown. *Shouting Won't Help* is a deftly written, deeply felt look at a widespread and misunderstood phenomenon. In the style of Jerome Groopman and Atul Gawande, and using her experience as a guide, Bouton examines the problem personally, psychologically, and physiologically. She speaks with doctors, audiologists, and neurobiologists, and with a variety of people afflicted with midlife hearing loss, braiding their stories with her own to illuminate the startling effects of the condition. The result is a surprisingly engaging account of what it's like to live with an invisible disability—and a robust prescription for our nation's increasing problem with deafness. A Kirkus Reviews Best Nonfiction Book of 2013

This sparkling K-drama inspired debut novel introduces irrepressibly charming teen Chloe Chang, who is reunited with her deceased father's estranged family via a DNA test, and is soon whisked off to Seoul to join them... When her friends gift her a 23-and-Me test as a gag, high school senior Chloe Chang doesn't think much of trying it out. She doesn't believe anything will come of it—she's an only child, her mother is an orphan, and her father died in Seoul before she was even born, and before her mother moved to Oklahoma. It's been just Chloe and her mom her whole life. But the DNA test reveals something Chloe never expected—she's got a whole extended family from her father's side half a world away in Korea. Turns out her father's family are amongst the richest families in Seoul and want to meet Chloe. So, despite her mother's reservations, Chloe travels to Seoul and is whisked into the lap of luxury . . . but something feels wrong. Soon Chloe will discover the reason why her mother never told her about her dad's family, and why the Nohs wanted her in Seoul in the first place. Could joining the Noh family be worse than having no family at all?

In a culture built on consumption--especially of food--it is easy to forget the poor that Jesus cared so much about. Following the pattern of his successful Advent Conspiracy, Chris Seay invites readers on a journey of self-examination, discipline, and renewed focus on Jesus that will change their lives forever. He challenges readers to eat like the poor for forty days in solidarity with a much-neglected group of people, and to donate the money they save on groceries to a charity or project that serves the poor in concrete ways. But he doesn't expect them to go it alone. *A Place at the Table* includes a short chapter for each of those forty days with Scripture, reflections, prayers, encouragement, and tips for engaging the whole family in the process. The six-session DVD, shot in such locations as the Holy Land,
