In the Empire of Arkaym, the Order of Deacons protects and shelters the citizens from the attacks of the unliving. All are sworn to fight the evil forces of the geists—and to keep the world safe from the power of the Otherside... Although she is one of the most powerful Deacons in the Order, Sorcha Faris is still unable to move or speak after her last battle. Even her partner, Merrick Chambers, cannot reach her through their shared Bond. Yet there are those who still fear Sorcha and the mystery of her hidden past. Meanwhile, Merrick has been asked to investigate a new member of the Emperor ' s Court. But when Sorcha is abducted by men seeking Raed Rossin, the shapeshifting rival to the throne, Merrick must choose where his loyalties lie.

A powerful guardian stands between the living and the dead in the fourth Book of the Order from Philippa Ballantine. The Order of the Deacons are protectors of the Empire, guardians against possession, sentinels enlisted to ward off the malevolent haunting of the geists... Among the most powerful of the Order is Sorcha, now thrust into partnership with the novice Deacon, Merrick Chambers. They have been dispatched to the isolated village of Ulrich to aide the Priory with a surge of violent geist activity. With them is Raed Rossin, Pretender to the throne that Sorcha is sworn to protect, and bearer of a terrible curse. But what greets them in the strange settlement is something far more predatory and more horrifying than any mere haunting. And as she uncovers a tradition of twisted rituals passed down through the dark reaches of history, Sorcha will be forced to reconsider everything she thinks she knows. And if she makes it out of Ulrich alive, what in Hell is she returning to?

The Deacons of the Order are all that stand between the wicked spirits of the Otherside and the innocent citizens of the Empire. They are sworn to protect humanity, even when they cannot protect themselves... After the Razing of the Order, Sorcha Faris, one of the most powerful Deacons, is struggling to regain control of the runes she once wielded. The Deacons are needed more desperately than ever. The barrier between the world of the living and the world of the dead is weakening, and the Emperor has abandoned his throne, seeking to destroy those he feels have betrayed him. Though she is haunted by the

terrible truth of her past, Sorcha must lead the charge against the gathering hordes of geists seeking to cross into the Empire. But to do so, she will need to manipulate powers beyond her understanding—powers that may prove to be her undoing...

The world of Conhaero is in constant flux; mountains can change to plains and then to lakes in a matter of weeks. It is a place where only the most adaptable can survive, but also a refuge to people from other worlds seeking peace—but nothing is as it should be. The native protectors of the realm, the Vaerli are scattered and cursed. The Kindred, the spirits of the land, who once held a pact with them, have disappeared. Now the Caisah, and his own alien magic rule the land, controlling the peoples and hunting the Vaerli. He also holds the leash of Talyn. With the promise of freedom for her people, Talyn has become his hunter. She seeks out her enemies because she thinks it is the only way to save the remainder of the Vaerli, but she is a wreck of a once-proud person. When she is given the task of hunting down Finn, she cannot know the changes that will follow. As teller of tales, Finn carries his own dreadful secret and has his own mission. For the Kindred are finally moving, and the Vaerli have a chance at redemption and freedom. If Talyn and Finn can find a way back through the past, and into the very heart of this shifting land, then perhaps old wounds can be healed, and the Caisah defeated. Maybe Conhaero and its people can find a new kind of peace. ===== This edition now includes the never before published short story, Dragonsoul, set before the events of Hunter and Fox. =====

In outer space you can never feel sure that your adversary is altogether human. The runcible buffers on Samarkand have been mysteriously sabotaged, killing many thousands and destroying a terraforming project. Agent Cormac must reach it by ship to begin an investigation. But Cormac has incurred the wrath of a vicious psychopath called Pelter, who is prepared to follow him across the galaxy with a terrifying android in tow. Despite the sub-zero temperature of Samarkand, Cormac discovers signs of life: they are two 'dracomen', alien beasts contrived by an extra-galactic entity calling itself 'Dragon', which is a huge creature consisting of four conjoined spheres of flesh each a kilometre in diameter. Caught between the byzantine wiles of the Dragon and the lethal fury of Pelter, Cormac needs to skip very nimbly indeed to rescue the Samarkand project and protect his own life. Gridlinked is the first sci-fi thriller in Neal Asher's compelling Agent Cormac series.

Someone covets the power of the Awakened, and will not stop until that power belongs to him.
