Celebrating the 40th anniversary of the Terry Fox Marathon of Hope, this picture book biography tells the story of a friendship defined by strength and love. Before Terry Fox become a national hero and icon, he was just a regular kid. But even then, his characteristic strength, determination and loyalty were apparent and were the foundation for his friendship with Doug. The two first met at basketball tryouts in grammar school. Terry was the smallest - and worst - basketball player on the court. But that didn't stop him. With Doug's help, Terry practiced and practiced until he earned a spot on the team. As they grew up, the best friends supported each other, challenged each other, helped each other become better athletes and better people. Doug was by Terry's side every step of the way: when Terry received a diagnosis of cancer in his leg, when he was learning to walk - then run - with a prosthetic leg and while he was training for the race of his life, his Marathon of Hope. Written from Doug's perspective, this story shows that Terry Fox's legacy goes beyond the physical and individual accomplishments of a disabled athlete and honors the true value of friendship.

Inspired by a true story, the compelling tale of a child who arrives in America on the slave ship Amistad describes her capture, her witness to a mutiny and the Supreme Court trial that prompts her return to Africa.

Former executive editor of The New York Times and one of our most eminent journalists Jill Abramson provides a "valuable and insightful" (The Boston Globe) report on the disruption of the news media over the last decade, as shown via two legacy (The New York Times and The Washington Post) and two upstart (BuzzFeed and VICE) companies as they plow through a revolution that pits old vs. new media. "A marvelous book" (The New York Times Book Review), Merchants of Truth is the groundbreaking and gripping story of the precarious state of the news business. The new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials. "Abramson provides this deeply reported insider account of an industry fighting for survival. With a keen eye for detail and a willingness to interrogate her own profession, Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance" (Vanity Fair). We get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed-driven media competitors. The players include Jeff Bezos and Marty Baron (The Washington Post), Arthur Sulzberger and Dean Baquet (The New York Times), Jonah Peretti (BuzzFeed), and Shane Smith (VICE) as well as their reporters and anxious readers. Merchants of Truth raises crucial questions that concern the well-being of our society. We are facing a crisis in trust that threatens the free press. "One of the best takes yet on journalism's changing fortunes" (Publishers Weekly, starred review), Abramson's book points us to the future.

**ABOUT THE BOOK** After reading the draft manuscript of this book, Rev. Mary Ramerman astutely observed, "When the COVID-19 pandemic hit the world, we were asked to observe social distance and stay home. Vacations, weddings, trips to the mall, dinners out, and baseball games all ended. We were literally sent to our rooms to reflect on how we lived our lives and what mattered most to us." The collective wisdom presented in this anthology provides answers to those two important questions. Writers offer a wealth of ideas, shared wisdom, action steps, inspiring stories, and candid looks at real-life situations. The reader will find insights that come from the other side of pain, in people and events affirming hope, perseverance and resilience, as well as a candid record of life in the early days of this pandemic and the challenges before us.
