~~What is Strategic vs.
Tactical? — Vertical
Software ...~~

ners conceptualize airlift requirements and routes as either tactical or strategic in nature. Airlift assets are also considered this way. Tactical aircraft (usually C-130 variants) are smaller and are used primarily for intratheater airlift within a defined area of responsibility (AOR). Strategic aircraft (C-5B/M, C-17A) have larger payload

Tactical Airlift~~

Download Free Strategic And Tactical Requirements

Tactical planning lays out the short-term actions and plans required to achieve the goals outlined in the strategic policy. Strategic planning provides a picture of how to reach a goal, whereas, in tactical plannings, the steps to achieve that goal are defined. Strategic plans are typically made at the beginning of a year, quarter, or month.

detail. The gold (strategic) commander must ensure that a strategy to direct police action is developed.

~~Strategic planning~~

Tactical planning is an action plan to be undertaken within 1-3 years and must be fully aligned with strategic planning. Let's say one of the company's long-term goals is to expand business from the South to the Southeast. At the tactical level, one must question what can be done to achieve this goal.
