This is an amazing book. What a great idea to talk about philosophy through a television series. And the series "Supernatural" definitely opens the door for some interesting discussions on the nature of good and evil, metaphysical beings, the consequences of ones actions, etc. Some heavy stuff but great for any philosophical discussion.

Supernatural and Philosophy: Metaphysics and Monsters ...

In philosophy, naturalism is the idea or belief that only natural laws and forces (as opposed to supernatural or spiritual ones) operate in the universe. Adherents of naturalism assert that natural laws are the only rules that govern the structure and behavior of the natural world, and that the changing universe is at every stage a product of these laws.

Supernatural and Philosophy: Metaphysics and Monsters ...

Because atheists typically dismiss the existence of the supernatural, they may dismiss metaphysics as the pointless study of nothing. However, since metaphysics is technically the study of all reality, and thus whether there is any supernatural element to it at all, in truth metaphysics is probably the most fundamental subject which irreligious atheists should focus on.
