Presents three short novels which explore the influence of the past, the complexities of human relationships, and the mysterious power of Paris over its residents and visitors.

The newest best-seller by Patrick Modiano is a beautiful tapestry that brings together memory, esoteric encounters, and fragmented sensations Patrick Modiano's first novel since his 2014 Nobel Prize revisits moments of the author's past to produce a spare yet moving reflection on the destructive underside of love, the dreams and follies of youth, the vagaries of memory, and the melancholy of loss. Writing from the perspective of an older man, the narrator relives a key period in his life through his relationships with several enigmatic women--Geneviève, Martine, Madeleine, a certain Madame Huberson--in the process unearthing his troubled relationship with his parents, his unorthodox childhood, and the unsettled years of his youth that helped form the celebrated writer he would become. This is classic Modiano, utilizing his signature mix of autobiography and invention to create his most intriguing and intimate book yet.

A young Frenchman's romance with a woman who lives off men. After stealing some money from a dentist, they go to London where she sleeps with various characters while he writes his first novel. One day she disappears for fifteen years. A study in character.

From beloved storyteller and Nobel Prize winner Patrick Modiano, a masterful and gripping crime novel set in picturesque Nice on the French Riviera Stolen

jewels, black markets, hired guns, crossed lovers, unregistered addresses, people gone missing, shadowy figures disappearing in crowds, newspaper stories uncomfortably close and getting closer . . . this ominous novel is Patrick Modiano ' s most noirish work to date. Set in Nice—a departure from the author ' s more familiar Paris—this novel evokes the bright sun and dark shadow of the Riviera. Modiano ' s trademark ability to create a haunting atmosphere is here on full display: readers descend precipitously into a world of mystery, uneasiness, inevitability. A young couple in hiding keeps close watch over a notorious diamond necklace known as the Southern Cross. Its provenance is murky, its whereabouts known only to our hero and heroine, who find themselves trapped by its potential value—and its ultimate cost. Deftly Modiano reaches further and further into the past, revealing the secret histories of the two even as the pressurized present threatens to overwhelm them.

Nobel Prize winner Patrick Modiano's first three novels, about Paris under Nazi occupation, now in a single volume; the earliest--*La Place de l'Étoile*--in English for the first time. Born at the close of World War II, 2014 Nobel Prize winner Patrick Modiano was a young man in his twenties when he burst onto the Parisian literary scene with these three brilliant, angry novels about the wartime Occupation of Paris. The epigraph to his first novel, among the first to seriously question Nazi collaboration in France, reads: "In June 1942 a German officer goes up to a young man and says: 'Excuse me, monsieur, where is La Place de l'Étoile?' The young man points to the star on his chest." The second novel, *The Night Watch*, tells the story of a

young man caught between his work for the French Gestapo, his work for a Resistance cell, and the black marketeers whose milieu he shares. Ring Roads recounts a son's search for his Jewish father who disappeared ten years earlier, whom he finds trying to weather the war in service to unsavory characters. Together these three brilliant, almost hallucinatory evocations of the Occupation attempt to exorcise the past by exploring the morally ambiguous worlds of collaboration and resistance. Award-winning translator Frank Wynne has revised the translations of *The Night Watch* and *Ring Roads*--long out of print--for our current day, and brings *La Place de l'Étoile* into English for the first time. The *Occupation Trilogy* provides the perfect introduction to one of the world's greatest writers.

AN NYRB CLASSICS ORIGINAL Winner of the Nobel Prize in Literature *Young Once* is a crucial book in the career of Nobel laureate Patrick Modiano. It was his breakthrough novel, in which he stripped away the difficulties of his earlier work and found a clear, mysteriously moving voice for his haunting stories of love, nostalgia, and grief. It has also been called “the most gripping Modiano book of all” (*Der Spiegel*). Odile and Louis are leading a happy, bucolic life with their two children in the French countryside near the Swiss mountains. It is Odile’s thirty-fifth birthday, and Louis’s thirty-fifth birthday is a few weeks away. Then the story shifts back to their early years: Louis, just freed from his military service and at loose ends, is taken up by a shady character who brings him to Paris to do some work for a friend who manages a garage; Odile, an aspiring singer, is at the mercy of the

kindness and unkindness of strangers. In a Paris that is steeped in crime and full of secrets, they find each other and struggle together to create what, looking back, will have been their youth.

An enthralling reflection on the ways that family history influences identity, from the 2014 Nobel laureate for literature A mix of autobiography and lucid invention, this highly personal work offers a deeply affecting exploration of the meaning of identity and pedigree. With his signature blend of candor, mystery, and bewitching elusiveness, Patrick Modiano weaves together a series of interlocking stories from his family history: his parents' courtship in occupied Paris; a sinister hunting trip with his father; a chance friendship with the deposed King Farouk; a wistful affair with the daughter of a nightclub singer; and the author's life as a new parent. Modiano's riveting vignettes, filled with a coterie of dubious characters—Nazi informants, collaborationist refugees, and black-market hustlers—capture the drama that consumed Paris during World War II and its aftermath. Written in tones ranging from tender nostalgia to the blunt cruelty of youth, this is a personal and revealing book that brings the enduring significance of a complicated past to life.

Nobel laureate Patrick Modiano's spellbinding tale of adolescent schoolmates and the vicissitudes of fate As a boarding school student in the early 1960s, Patrick Modiano lived among the troubled teenage sons of wealthy but self-involved parents. In this mesmerizing novel, Modiano weaves together a series of exquisitely crafted stories about such jettisoned boys at the exclusive Valvert School on the outskirts of Paris:

abandoned children of privilege, left to create new family ties among themselves. Misfits and heroes, sports champions and good-hearted chums, the boys of Valvert misbehave, run away, get expelled, and engage in various forms of delinquency and disappearance. They emerge into adulthood tragically damaged, still tethered to their adolescent selves, powerless to escape the central loneliness of their lives in an ever-darkening spiral of self-delusion and grim consequence. A meditation on nostalgia, the pitfalls of privilege, and the vicissitudes of fate, this book fully demonstrates the powerful mix of sadness, mystery, wonder, and ominous danger that characterizes Modiano's most rewarding fiction. Special feature: J. M. G. Le Clézio's foreword, here in English for the first time, provides a rare and insightful appreciation of one Nobel laureate by another.

"Who was Louki? Did anyone really know? She made her mark on all of us in different ways. We all remember her, some of us more than others, but did any of us truly know her? Can anyone honestly say they know another person? In the *Cafe of Lost Youth* is vintage Patrick Modiano, an absorbing evocation of a particular Paris of the 1950s, shadowy and shady, a secret world of writers, criminals, drinkers, and drifters. The novel, which includes vignettes of a number of historical figures and is inspired in part by the circle (depicted in the photographs of Ed van der Elsken) of the notorious and charismatic Guy Debord, centers on the enigmatic, waiflike figure of Louki, who catches everyone's attention even as she eludes possession or comprehension. Through the eyes of four very different narrators, we contemplate Louki's

character and her fate, while Modiano explores the themes of identity, memory, time, and forgetting that are at the heart of his hypnotic and deeply moving art"--
