This handy book is a beginners complete course in the Swahili language, designed especially for foreigners. The book is a result of the authors many years of teaching experience. It is divided into two parts: part one covers pronunciation; Swahili greetings and manners; classification of nouns; adjectives, verbs, adverbs, etc. in twenty-eight lessons and thirty-six exercises. part two includes a study of Swahili usage in specific situations (e.g. at home, in the market, on the road, at the airport, etc.); eleven further lessons and thirteen exercises; the key to the exercises in Parts One and Two; and a Swahili-English vocabulary of words used in the book.

Colloquial Swahili: The Complete Course for Beginners has been carefully developed by an experienced teacher to provide a step-by-step course to Swahili as it is written and spoken today. Combining a clear, practical and accessible style with a methodical and thorough treatment of the language, it equips learners with the essential skills needed to

# Read Online Swahili Conversational Learn To Speak And Understand Swahili With

communicate confidently and effectively in Swahili in a broad range of situations. No prior knowledge of the language is required. Colloquial Swahili is exceptional; each unit presents a wealth of grammatical points that are reinforced with a wide range of exercises for regular practice. A full answer key, a grammar summary, bilingual glossaries and English translations of dialogues can be found at the back as well as useful vocabulary lists throughout. Key features include: A clear, user-friendly format designed to help learners progressively build up their speaking, listening, reading and writing skills Jargon-free, succinct and clearly structured explanations of grammar An extensive range of focused and dynamic supportive exercises Realistic and entertaining dialogues covering a broad variety of narrative situations Helpful cultural points explaining the customs and features of life in Swahili-speaking countries. An overview of the sounds of Swahili Balanced, comprehensive and rewarding, Colloquial Swahili is an indispensable resource both for independent learners and students taking courses in Swahili. Audio material to accompany the course is available to download free in MP3 format from [www.routledge.com/cw/colloquials](http://www.routledge.com/cw/colloquials). Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Learn Good Swahili is presented in 3 volumes: Volume 1: A Complete Grammar. 349 pages. Volume 2: 5,000+ words Swahili-English Dictionary. 370 pages.

alphabetical order in English: [entries in brackets such as "(m,mi)" = (singular, plural prefixes); "n" = noun; "V", "xFF", "xFV", "U", "T" are noun groups as explained in Volume 1, Chapter 3: Nouns]

mkono(m,mi) n body: arm V kwapa(-,ma) n body: armpit xFF mgongo(m,mi) n body: back V ndevu(-) n body: beard xFV mshipa(m,mi) n body: blood vessel V ... mkia(m,mi) n body: tail V paja(-,ma) n body: thigh xFF koo(-,ma) n body: throat xFF ulimi(ul,nd) n body: tongue U mkonga(m,mi) n body: trunk (elephant) V kiuno(ki,vi) n body: waist T (A total of over 70 entries under body)

Swahili in One Week is easily accessible to those who struggle to learn languages or doubt their ability to do so. This book sets you on the path to fluency by teaching you the fundamentals of Swahili, which you can use as a base for future learning. The book is divided into seven days worth of subjects and practice exercises and includes Swahili-English and English-Swahili dictionaries. Many language textbooks are full of unnecessary information and simply list words and phrases to be memorized in a misguided attempt to build fluency. How is this book different? You will: A. Learn only the most essential vocabulary or dig deeper into subjects like local food and customs; B. Make learning a language the fun it should be; C. Save time by using the included study plan; D. Ability to have brief exchanges after just one day; E. Communicate in the language in basically any daily situation after one week; and F. Impress Swahili speaking friends with your quick progress in the

# Read Online Swahili Conversational Learn To Speak And Understand Swahili With

language. The goal of this book is to give the reader- having no prior knowledge of Swahili- the ability to manage basic exchanges and, more importantly, an understanding of the language upon which they can quickly build to become a proficient speaker. This is why literal translations are used, by knowing "habari yako" means "news your" instead of "how are you," which is the non-literal translation, the language learner adds two unique words plus the phrase to their vocabulary. Compare this to the traditional language learning method The ineffective traditional method guarantees you will: A. Waste your time learning the wrong words; B. Have difficulty retaining words because you do not use them in conversation; C. Struggle to conjugate verbs and build sentences; D. Fail to understand the cultural context in which to use vocabulary; and E. Become frustrated and want to quit All proceeds from this book will go to Tanzanian charities House of Blue Hope and AVC Tanzania.

This book is intended for university students and anyone interested in learning Standard Swahili grammar as spoken in the East African Community of Tanzania, Kenya and Uganda. The most comprehensive grammar book currently available, some of the concepts covered in this book are greetings, numerals, telling the time, the Noun Class system, simple tenses such the past, present and future, adjectives and possessives. The book then progresses to more complex concepts such as Direct and Reported Speech, various verb typologies, other tenses, prepositions and conjunctions, adverbs and relative pronouns. Each chapter includes many examples and sample sentences, easy to read charts,

# Read Online Swahili Conversational Learn To Speak And Understand Swahili With

practice questions, answers to the practice questions, and a list of new vocabulary used within the chapter. On completing this book, the reader will be able to read, write and converse in Swahili with confidence.

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and

# Read Online Swahili Conversational Learn To Speak And Understand Swahili With

businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: [www.thelinguist.com](http://www.thelinguist.com).
