Consists of citations selected from those contained in the National Library of Medicine's Medical Literature Analysis and Retrieval System.

This text contains a comprehensive treatise on the nesting habits of birds common to India, including a calendar of the breeding seasons and a popular guide to their habits and haunts. A fascinating book that will greatly appeal to both amateur and seasoned ornithologists alike, 'Birds Nesting in India' is a wonderful text well deserving of a place in any collection of ornithological literature. The chapters of this book include: 'Breeding Seasons and Hints on Bird's Nesting'; 'Habits and Haunts of Birds', 'List of Birds that are known to Breed in India', 'Details on Eggs and Nests', and much more. This text was originally published in 1877, and is proudly republished now complete with a new introduction on ornithology.
