The series focuses on color-coding, organizing, and summarizing while students learn essential language arts skills. The Interactive Notebooks series spans kindergarten to fifth grade. Each 96-page book is aligned to current state standards and contains a guide for teachers who are new to interactive note taking. The workbooks also include lesson plans, reproducibles for creating notebook pages on specific topics, and generic reproducibles for creating additional pages. This Word Study series focuses on skills such as: -phonics -syllabication -word parts

Encourage students to create their own learning portfolios with the Mark Twain Interactive Math Notebook for grade 7. This 64-page interactive notebook includes 28 lessons in the number system, ratios, proportions, equations, geometry, statistics, and more.

This second edition updates a course which has proven to be a perfect fit for classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students. The Teacher's Resource Book contains extra photocopiable grammar and communication activities and full pages of teaching tips and ideas specially written by methodology expert, Mario Rinvolucri. A Testmaker Audio CD/CD-ROM which allows teachers to create and edit their own tests is also available separately, as is Classware which integrates the Student's Book, class

audio and video.

Interactive Notebooks: Science for grade 4 is a fun way to teach and reinforce effective note taking for students. Students become a part of the learning process with activities about traits, food chains and webs, types of energy, electricity and magnetism, rocks, fossils, the sun, Earth, and more! --This book is an essential resource that will guide you through setting up, creating, and maintaining interactive notebooks for skill retention in the classroom. High-interest and hands-on, interactive notebooks effectively engage students in learning new concepts. Students are encouraged to personalize interactive notebooks to fit their specific learning needs by creating fun, colorful pages for each topic. With this note-taking process, students will learn organization, color coding, summarizing, and other important skills while creating personalized portfolios of their individual learning that they can reference throughout the year. --Spanning grades kindergarten to grade 8, the Interactive Notebooks series focuses on grade-specific math, language arts, or science skills. Aligned to meet current state standards, every 96-page book in this series offers lesson plans to keep the process focused. Reproducibles are included to create notebook pages on a variety of topics, making this series a fun, one-of-a-kind learning experience.

This brand new edition of English in Mind revises and updates a course which has proven to be a perfect fit for classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students.

In Interactive Notebooks: Language Arts for kindergarten, students will complete hands-on activities about short vowel sounds, sight words, nouns, antonyms, punctuation, parts of a book, and more. The Interactive Notebooks series spans kindergarten to grade 5. Each 96-page book contains a guide for teachers who are new to interactive note taking, lesson plans and reproducibles for creating notebook pages on a variety of topics, and generic reproducibles for creating even more notebook pages. The books focus on grade-specific math or language arts skills and are aligned to current state standards.

Instructor's Notebook: How to Apply TPR For Best Results Ramiro reveals secrets about Total Physical Response(TM) (known worldwide as TPR), that he discovered during 28 years of teaching Spanish to students of all ages, including adults. That stunning success inspired his students to honor him with awards of "The Most Remembered Teacher" and "Outstanding Teacher of the Year." Ramiro guides you step by step with TPR lessons you can use in any language to keep students engaged day after day. Many games, dialogues, and even tests are included. You will love his book, and the companion book, Instructor's Notebook: TPR Homework Exercises. When language teachers asked Ramiro for more, he produced The Graphics Book in your choice of English, Spanish, French or German. The game that his students asked to play over and over is Ramiro's TPR Bingo. For a solid understanding of the powerful linguistic tool of TPR, Ramiro recommends you use his books and games after you have read James J. Asher's classic book, Learning Another Language Through Actions, now in its 7th edition. Ramiro Garcia earned his bachelor's and master's degrees in Spanish, and a master's degree in Linguistics from San Jose State University in San Jose, California. For 28 years, he successfully applied the Total Physical Response(TM) approach in teaching Spanish at Prospect High School in Saratoga, California, where he also served for 13 years as chairman of the language department. The students selected Ramiro Garcia as their "Outstanding Teacher of the Year," and the following year, he was honored by the students as "The Most Remembered Teacher." He has taught Spanish also at De Anza College and for adults in night classes. Ramiro has also organized and guided tours of students to Mexico, Hawaii, and Europe. Be sure to checkout Ramiro Garcia's The Graphics Book, TPR Bingo, and Instructor's Notebook: TPR Homework Exercises.

Interactive Notebooks: Science for grade 3 is a fun way to teach and reinforce effective note taking for students. Students become a part of the learning process with activities about plant and animal adaptations, the human body, matter, force and motion, simple machines, the solar system, and more! --This book is an essential resource that will guide you through setting up, creating, and maintaining interactive notebooks for skill retention in the classroom. High-interest and hands-on, interactive notebooks effectively engage students in learning new concepts. Students are encouraged to personalize interactive notebooks to fit their specific learning needs by creating fun, colorful pages for each topic. With this note-taking process, students will learn organization, color coding, summarizing, and other important skills while creating personalized portfolios of their individual learning that they can reference throughout the year. --Spanning grades kindergarten to grade 8, the Interactive Notebooks series focuses on grade-specific math, language arts, or science skills. Aligned to meet current state standards, every 96-page book in this series offers lesson plans to keep the process focused. Reproducibles are included to create notebook pages on a variety of topics, making this series a fun, one-of-a-kind learning experience.
