Discusses Columbian traditions, culture, religion, media, literature, and art.

The essays in this book demonstrate the importance of transatlantic and intra-American slave trafficking in the development of colonial Spanish America, highlighting the Spanish colonies' previously underestimated significance within the broader history of the slave trade. Spanish America received African captives not only directly via the transatlantic slave trade but also from slave markets in the Portuguese, English, Dutch, French, and Danish Americas, ultimately absorbing more enslaved Africans than any other imperial jurisdiction in the Americas except Brazil. The contributors focus on the histories of slave trafficking to, within, and across highly diverse regions of Spanish America throughout the entire colonial period, with themes ranging from the earliest known transatlantic slaving voyages during the sixteenth century to the evolution of antislavery efforts within the Spanish empire. Students and scholars will find the comprehensive study and analysis in *From the Galleons to the Highlands* invaluable in examining the study of the slave trade to colonial Spanish America. *Understanding Latin America* demands dialogue, deep exploration, and frank discussion of key topics. Founded by Lyman L. Johnson in 1992 and edited since 2013 by Kris Lane, the *Diálogos* Series focuses on innovative scholarship in Latin American history and related fields. The series, the most successful of its type, includes specialist works accessible to a wide readership and a variety of thematic titles, all ideally suited for classroom adoption by university and college teachers.

Cuba's cultural influence throughout the Western Hemisphere, and especially in the United States, has been disproportionately large for so small a country. This landmark volume is the first comprehensive overview of poetry written over the past sixty years. Presented in a beautiful Spanish-English en face edition, *The Whole Island* makes available the astonishing achievement of a wide range of Cuban poets, including such well-known figures as Nicolás Guillén, José Lezama Lima, and Nancy Morejón, but also poets widely read in Spanish who remain almost unknown to the English-speaking world—among them Fina García Marruz, José Kocer, Raúl Hernández Novás, and Ángel Escobar—and poets born since the Revolution, like Rogelio Saunders, Omar Pérez, Alessandra Molina, and Javier Marimón. The translations, almost all of them new, convey the intensity and beauty of the accompanying Spanish originals. With their work deeply rooted in Cuban culture, many of these poets—both on and off the island—have been at the center of the political and social changes of this tempestuous period. The poems offered here constitute an essential source for understanding the literature and culture of Cuba, its diaspora, and the Caribbean at large, and provide an unparalleled perspective on what it means to be Cuban.

This volume presents a new approach to Spanish Baroque drama, inspired by Foucauldian discourse archeology, whose rare fusion of meticulous philology and ambitious theory will be exciting and fruitful both for specialists of Spanish literature and for anyone invested in the history of European thought. Detailed readings are dedicated to some of the most prominent plays by Lope de Vega and Calderón de la Barca, both autos sacramentales (*El viaje del alma*; *El divino Orfeo*; *La lepra de Constantino*) and comedias (*El castigo sin venganza*; *El príncipe constante*; *El médico de su honra*). The "archeological" perspective cast on the plays implies an integration of their discourse-historical "foils", from pagan antiquity through the Middle Ages and the Renaissance, as well as a discussion of related discourses, mainly theological, philosophical and historiographical. A separate "excursus" suggests a reconsideration of the common manner in which the discursive relation between the Middle Ages, the Renaissance, Mannerism and the Baroque is conceptualized.

Using the city of Puebla de los Ángeles, the second-largest urban center in colonial Mexico (vicerealty of New Spain), Pablo Miguel Sierra Silva investigates Spaniards' imposition of slavery on Africans, Asians, and their families. He analyzes the experiences of these slaves in four distinct urban settings: the marketplace, the convent, the textile mill, and the elite residence. In so doing, *Urban Slavery in Colonial Mexico* advances a new understanding of how, when, and why transatlantic and transpacific merchant networks converged in Central Mexico during the seventeenth century. As a social and cultural history, it also addresses how enslaved people formed social networks to contest their bondage. Sierra Silva challenges readers to understand the everyday nature of urban slavery and engages the rich Spanish and indigenous history of the Puebla region while intertwining it with African diaspora studies.

The Apologetics Study Bible reveals flaws in today's bizarre world-views while it helps you grasp the depth of biblical insight on each and every issue. More than 100 articles relate biblical truth to science, history, archaeology, psychology, philosophy, and other critical subjects. Strategically placed alongside the text of Scripture, this expert commentary includes: "How Does Christianity Relate to Hinduism?" by former Hindu Ravi Zacharias; "Is There Evidence for Life After Death?" by Christian Research Institute founder Hank Hanegraaff; "Evolution: Fact or Fantasy?" by Phillip E. Johnson, author of *Darwin on Trial*; "How Should a Christian Relate to Culture?" by Prison Fellowship founder and president Chuck Colson; "Are Jesus' Claims Unique Among the Religions of the World?" by Liberty University professor Gary Habermas; "Does the Design Argument Show There Is a God?" by philosopher William Dembski; "How Apologetics Changed My Life!" by best-selling author Lee Strobel. Profiles of key historic defenders of the faith like Justin Martyr, Irenaeus, Anselm, Augustine, Joseph Butler, William Paley, Blaise Pascal, and C. S. Lewis highlight the clear-headed thinking Christians through the centuries have brought to bear on objections to faith. A generous helping of study notes clarifies the biblical worldview demonstrated in Scripture. The text is the remarkably accurate and inviting Holman Christian Standard Bible translation. And features like book introductions, end-of-verse cross references, topical subheads, the words of Christ in red, and a 72-page concordance make it simple to get the most from your Bible study time. Philosopher and Apologetics Study Bible general editor Ted Cabal observes that we live "in the golden era of Christian apologetics." There has never before been so much scientific, archaeological, and historical support for the unique truth of biblical Christianity. The Apologetics Study Bible will open your eyes to new reasons to believe, a stronger commitment to faith, and better ways to witness for the Creator of it all. The Apologetics Study Bible Now available at your favourite bookstore or online retailer. Look for it, and see what you believe.
