termination of a marital union, dissolving bonds of matrimony between parties), the effects are anything but, particularly when children are involved. The Americans for Divorce Reform estimates that "40 or possibly even 50 percent of marriages will end in divorce if current trends continue." Outside the U.S., divorce rates have markedly increased across developed countries. Divorce and its effects are a significant social factor in our culture and others. It might be said that a whole "divorce industry" has been constructed, with divorce lawyers and mediators, family counselors, support groups,

etc. As King Henry VIII's divorces showed, divorce has not always been easy or accepted. In some countries, divorce is not permitted and even in Europe, countries such as Spain, Italy, Portugal, and the Republic of Ireland legalized divorce only in the latter quarter of the 20th century. This multi-disciplinary encyclopedia covers curricular subjects related to divorce as examined by disciplines ranging from marriage and the family to anthropology, social and legal history, developmental and clinical psychology, and religion, all through a lens of cultural sociology. Features: 550 signed entries, A-to-

abundance of statistics facilitates comparison between and across states and nations. Appendices provide further annotated sources of data and statistics.

The United Nations Convention on the Rights of Persons with Disabilities (CRPD) recognized that people with disabilities should have the right to exercise their legal capacity and identified 'supported decision-making' as a means by which people with disabilities can be directly involved in

Download File PDF Texaslawhelporg Child Support

decisions that impact their lives. Offering an overview of its emergence in the disability field and highlighting emerging research, theory, and practice from legal, psychology, education, and health fields, this volume provides a much-needed theoretical and evidence base for supported decision-making. Evidence and strengths-based frameworks for understanding disability, supports, and their roles in promoting supported decision-making are synthesized. The authors describe the application of a social-ecological approach to supported decision-making, and focus on implications

Download File PDF Texaslawhelporg Child Support

for building systems of supports based on current environmental demands. This volume introduces and explains empirical research on critical elements of supported decision-making and the applications of supported decision-making that enhance outcomes, including self-determination and quality of life.
