Can a twelve-step program help Sadie kick her unrequited crush for good? Abby McDonald serves up her trademark wit and wisdom in a hilarious new novel. Seventeen-year-old Sadie is in love: epic, heartfelt, and utterly onesided. The object of her obsession — ahem, affection — is her best friend, Garrett Delaney, who has been oblivious to Sadie 's feelings ever since he sauntered into her life and wowed her with his passion for Proust (not to mention his deep-blue eyes). For two long, painful years, Sadie has been Garrett 's constant companion, sharing his taste in everything from tragic Russian literature to art films to '80s indie rock — all to no avail. But when Garrett leaves for a summer literary retreat, Sadie is sure that the absence will make his heart grow fonder — until he calls to say he 's fallen in love. With some other girl! A heartbroken Sadie realizes that she 's finally had enough. It 's time for total Garrett detox! Aided by a barista job, an eclectic crew of new friends (including the hunky chef, Josh), and a customized selfhelp guide, Sadie embarks on a summer of personal reinvention full of laughter, mortifying meltdowns, and a double shot of love.

The meek don't inherit a thing. Nice girls win nothing but regret. Virtue is wholly overrated. If you don't do it, some other girl will. Broke and desperate, Kat reluctantly agrees to a total makeover-what does she have to lose? She's gotten nowhere on her own. Maybe becoming someone new is just what she needs.

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

A USA TODAY BESTSELLER! A historical novel inspired by true events, Kelli Estes's brilliant and atmospheric debut is a poignant tale of two women determined to do the right thing and the power of our own stories. The smallest items can hold centuries of secrets... Inara Erickson is exploring her deceased aunt's island estate when she finds an elaborately stitched piece of fabric hidden in the house. As she peels back layer upon layer of the secrets it holds, Inara's life becomes interwoven with that of Mei Lein, a young Chinese girl mysteriously driven from her home a century before. Through the stories Mei Lein tells in silk, Inara uncovers a tragic truth that will shake her family to its core—and force her to make an impossible choice. A touching and tender book for fans of Marie Benedict, Susanna Kearsley, and Duncan Jepson.
