study. The most inspirational and emotionally gripping story of faith, fortitude, and friendship I have ever read. A powerful example of the healing, restorative power of forgiveness and the transformational, life changing power of unconditional love.—Mark Clayman, Executive Producer for the Academy Award-nominated *The Pursuit of Happyness* Denver Moore and Ron Hall's story is one that moved me to tears. The friendship that forms between these two men at a time when both were in great need is an inspiration to all of us to be more compassionate to everyone we come in contact with. This is truly a wonderful book!—Mrs. Barbara Bush

Meet Denver, a man raised under plantation-style slavery in Louisiana in the 1960s; a man who escaped, hopping a train to wander, homeless, for eighteen years on the streets of Dallas, Texas. No longer a slave, Denver's life was still hopeless—until God moved. First came a godly woman who prayed, listened, and obeyed. And then came her husband, Ron, an international arts dealer at home in a world of Armani-suited millionaires. And then they all came together. But slavery takes many forms. Deborah discovers that she has cancer. In the face of possible death, she charges her husband to rescue Denver. Who will be saved, and who will be lost? What is the future for these unlikely three? What is God doing? This is the emotional tale of their story: a telling of pain and laughter, doubt and tears, dug out between the bondages of this earth and the free possibility of heaven. No reader or listener will ever forget it.

In "The Best Kind of Different", Shonda details every step in her family's journey through Asperger's, offering an intimate and candid portrait of this condition from a parent's point of view and offering insight and helpful advice for parents.

Jeanette Purkis spent her early life reacting violently against her feelings of embarrassment, anger and confusion about her 'difference' from other people. She was unaware until well into adulthood that everything she found difficult, including her lack of success in forming relationships, could be a result of having Asperger Syndrome. Used to being a misfit from a very young age, Jeanette found that being a member of a group in which she had a label - Jeanette the Communist; Jeanette, Enemy of the State; Jeanette the convict; Jeanette the drug addict - gave her a sense of order she could depend on, particularly in prison, where each day had a set routine and the inmates accepted her because of her rebel attitude. Finally diagnosed with Asperger Syndrome at the age of 20, the author only began to accept her diagnosis some years later when she felt for the first time that she might learn to cope with being herself. Jeanette's remarkable life and her journey towards finding a different kind of normal is compelling and inspiring reading for people with autism spectrum disorders, and those living or working with them.
