Color matching memory games are another way to induce color learning to children with a game. Based off the typical matching game of remembering where two like cards are to make a pair, preschool children have to compare colors and match the same ones together to win.

Colors for Kids: Teaching Colors to Children | Munsell ...

The Colors of Learning: Integrating the Visual Arts into the Early Childhood Curriculum gives the preschool teacher ideas, ways to present visual experiences and how to create conversations to draw children out to talk about what they create and what they are learning in the 'Art Center' of the classroom. I liked how using art the teacher is shown ways to direct conversation about learning in other areas.

The colors of learning : integrating the visual arts into ...

If it's a choice between using a color that you love, even though it doesn't offer enough contrast, or using one that will be more legible for the learners, always go with the latter. Readability should never be sacrificed for visual appeal. Consider your learning audience's background. Different cultures affix different meanings to colors.
