About getting into
Deep-Sky Imaging
this is your manual.
It get's right down
into the details, so
might be a bit
much for someone
who is new to
amateur
astronomy. But, if
you know your
telescope, are
comfortable with

Where To
Download The
the dark sky and
want to move on to
something a little
more exciting than
just visual
observing this is
the book is a MUST
HAVE.
