NEW YORK TIMES BEST SELLER! From esteemed author and journalist of over 70 books Can we lose the war on terrorism? We can, indeed, if we lose the battle for Iraq. In *The Final Move Beyond Iraq*, Mike Evans addresses the greatest threat America has faced since the Civil War: the Islamic revolution, or Islamofascism. While the United States debates the best way to solve the situation in Iraq, the terrorists are claiming victory and planning to take their show to American soil once again.

In 1492 Christopher Columbus bore a secret agenda as he set out with his tiny fleet to discover a New World. The startling truth? Columbus himself was a Jew! And he sought a new home for his persecuted Jewish kin to escape King Ferdinand's and Queen Isabella's newly wrought Spanish Inquisition.

Evans suggests calling ISIS Islamic infidels, a name which identifies jihadists as "outcasts of the Islamic faith." He is author of "Beyond Iraq: the next move," and "The final move beyond Iraq, the final solution while the world sleeps."

Amid all the gloom surrounding the debacle in Iraq, finally here is a highly instructive four-stage plan that will help us move forward. Now longer than the Civil War, America's conflict in Iraq seems to have no end in sight. A malaise, perhaps greater than that engendered by Vietnam, threatens to undo our national moorings. Christopher J. Fettweis, a military strategy expert, burst onto the national scene with an editorial and NPR interviews that provided an illuminating historical perspective on the ramifications of any great power's defeat. Fettweis contends that Iraq has thrown America into an unprecedented downward spiral, yet he provides a context for America's loss that few political pundits have recognized. With abundant historical comparisons drawn from the American Revolution and the Soviet invasion of Afghanistan, among others, Fettweis charts a natural course of defeat (denial, shock, anger, depression, and acceptance). He offers a prescriptive "grand strategy" that will help us forge a new approach to American foreign policy. This is a book no lover of history can ignore, for there may be a silver lining few have yet realized.

The war had a much deeper significance than reported. Iraqi rulers tyranny had its roots in ancient Babylon of biblical times...

In *Beyond Iraq*, Dr. Evans clearly defines the roles that America, Iraq and Israel play in the fulfillment of end times prophecy. Breaking through the cluttered, and often confusing, information overload on this topic, Dr. Evans present the Scriptures and current events side-by-side. As he does this, he makes a compelling and convincing argument to justify his vigorous call for Christians to wake up and pray.

David L. Miller has intelligently taken the Islamic religion apart, unveiling the origins of Islam, and the many ways in which its adherents interpret the Qur'an today. With great detail, he explores concepts such as jihad, intifada, shari'ah, and fatwah""terms with which many of us are only superficially familiar. *Soldiers of Allah* is a valuable resource for missionaries and anyone called to serve in the Islamic world. It also offers much-needed insight into a religious culture with which we are interacting more often today. *Soldiers of Allah* explains: HOW THE REVELATIONS OF MOHAMMED BECAME THE BASIS FOR THE ISLAMIC RELGION WHY THE QUR'AN IS INTERPRETED DIFFERENTLY AMONG ISLAMIC DENOMINATIONS WHY AMERICAN JURISPRUDENCE CANNOT COEXIST WITH SHARI'AH LAW WHY ALLAH IS NOT ANOTHER NAME FOR JEHOVAH Some may question the author's conclusions, but Mr. Miller has spent years in his research. He has an extremely broad personal and

professional knowledge of this subject.

Outlines a four-stage plan designed to help America to resolve and move on from the war in Iraq, in an account that contends that the war has thrown America into an unprecedented decline and draws on the lessons of past military conflicts to recommend natural solutions. 25,000 first printing.

"Blow the trumpet in Zion, and sound an alarm in My holy Mountain! Let all the inhabitants of the land tremble; for the day of the LORD is coming, for it is at hand: a day of darkness and gloominess, a day of clouds and thick darkness... "For the day of the LORD is great and very terrible; who can endure it?" Joel 2:1-2, 11 Why is most of the world clueless as to what God has on the drawing board for the earth in the years ahead? How might biblical prophecy unfold? Just how bad will it get? Will you be caught unaware? Read Randy and Nancy Moy's companion book titled Covenant Partnership for revelations as to why Israel, Jerusalem, and the Jews are so important to the LORD—and why it is vital for Christians to stand with them in the end-times. Randy and Nancy Moy love the LORD, His land, and His people. They are retired and currently reside in Montana.

NEW YORK TIMES BESTSELLER The “ paradigm-influencing ” book (Christianity Today) that is fundamentally transforming our understanding of white evangelicalism in America. *Jesus and John Wayne* is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with “ a spiritual badass. ” As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism. Many of today ’ s evangelicals might not be theologically astute, but they know their VeggieTales, they ’ ve read John Eldredge ’ s *Wild at Heart*, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of “ Christian America. ” Chief among these evangelical legends is John Wayne, an icon of a lost time when men were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done. Challenging the commonly held assumption that the “ moral majority ” backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals ’ most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, *Jesus and John Wayne* shows that, far from adhering to biblical principles, modern white evangelicals have remade their faith, with enduring consequences for all Americans.
