During his coverage of the Bosnian genocide and the Balkan conflict, Sacco worked with a rather shady character known as a "fixer" - someone who can assist foreign journalists with gaining access to the frontlines of the conflict, the warlords and gangs running the countryside as the nation is torn apart, and victims to provide stories to color the news articles being written about the region.

The story focuses on Neven - the fixer from Sarajevo. His depiction in my opinion is quite in sync with the typical "careless, always try to be cool, rarely show your weakness, fun-loving but deep down depressed" male in his late thirties that the war in Yugoslavia helped create on all sides of the conflict.

A Jew in Tsarist Russia is accused of murdering a Catholic boy and suffers from mistreatment in prison.

Kiev, 1911. When a twelve-year-old Russian boy is found stabbed to death, his body drained of blood, the accusation of ritual murder is levelled at the Jews. Yakov Bok - a handyman hiding his Jewish identity from his anti-Semitic employer - is first outed and blamed. Arrested and imprisoned, Bok refuses to confess to a crime that he did not commit. What becomes of this man under pressure, for whom acquittal is made to seem as hopeless as conviction, is the subject of a terrifying masterpiece of twentieth-century fiction.

New York Times bestselling author Joseph Finder delivers his next breakneck stand-alone thriller, following 2014's bestseller Suspicion. When Rick Hoffman loses his job and apartment, his only option is to move back into—and renovate—the home of his miserable youth, now empty and in decay since his father's stroke. But when he starts to pull it apart, he makes an electrifying discovery that will put his life in peril—and change everything he thought he knew about his father.

T. E. Woods delivers a fast-paced thriller—the first in an electrifying new series—peopled with sharp, intriguing characters and more twists and turns than a corkscrew. Never a doubt. Never a mistake. Always for justice. Never for revenge. She's the person you hire when you need something fixed—permanently. With a strict set of criteria, she evaluates every request and chooses only a few. No more than one job per country, per year. She will only step in if it's clear that justice will not be served any other way. Her jobs are completed with skill and precision, and never result in inquiry or police investigation. The Fixer is invisible—and quite deadly. . . . In the office of a clinical psychologist in Olympia, Washington, a beautiful young woman is in terrible emotional pain. She puts up walls, tells lies, and seems to speak in riddles, but the doctor is determined to help her heal, despite the fact that she claims to have hurt many people. As their sessions escalate, the psychologist feels compelled to reach out to the police . . . but it might be too late. In Seattle, a detective gets a call from his son. A dedicated journalist, he wants his father's expertise as he looks into a suspicious death. Together they follow the trail of leads toward a stone-cold hired killer—only to find that death has been closer than either could have imagined. Don't miss any of the gripping Justice thrillers from T. E. The famed political advisor to Uber, FanDuel, Lemonade, Tesla and other startups reveals what really happens at the intersection of politics, tech and business Most new startups today are in highly regulated industries with strong incumbents - transportation, hotels, drones, energy, gaming, education, health care, cannabis, finance, liquor, insurance. The more startups try to snatch a piece of the establishment's pie, the more they risk running into a political wall. That's where Bradley Tusk comes in. Described as "Silicon Valley's Political Savior" (Fast Company) "Uber's Political Genius" (Vanity Fair) and "Silicon Valley's Favorite Fixer" (TechCrunch) Tusk deploys the skills and knowledge he developed working with Chuck Schumer, Michael Bloomberg, Rod Blagojevich, and other political and business legends to help startups fight back. This book goes behind the scenes on how he helped stop the taxi industry from killing Uber in its infancy, how he held insurance companies at bay while startup Lemonade launched in each state, and how he helped online sports betting sites FanDuel and Draft Kings escape the regulatory death grip casinos tried to put on them. As Tusk writes, "Every new company is essentially a tech startup. And when you disrupt someone in any industry, they don't say thank you. They punch you in the nose. These are the lessons startups need to learn to punch back and survive the clutches of politics." Combining a firsthand glimpse behind the curtain with tangible advice for how any new venture can play the political game, THE FIXER is a must-read for aspiring entrepreneurs.

A bail bondsman shares insight into the workings of the justice system while recounting his experiences with celebrity clients, describing how he has organized deals through relationships with judges, lawyers, officers, and district attorneys.

AVEN- There are a few things I don't believe in. Like Santa. An honest politician. And gut instincts. That was, of course, until I woke up with one. And I knew. This was the day I was going to die. The cops, thus far, have proven useless and uninterested in my issues. When you couldn't get help from legal channels, what other choice did you have but to look elsewhere? That was how I came across Quinton Baird. A "fixer." Whatever the hell that was. All I knew was, I had a problem that needed fixing. Hopefully, before it killed me. QUIN- There were a few things I could put my faith to rest in. My team. People f*cking up, and needing my help. And my gut. So when my receptionist informed me that the woman in a case I decided wasn't my kind of job was having a 'gut feeling' about being in desperate need of help, yeah, I dragged my a** across town to check things out. Not only did I not bank on the

fact that she was in trouble beyond what I could have anticipated, but she was not what I was expecting either. Beautiful, resilient, and one hell of a distraction I didn't need. As the pieces of her case start falling together, I was left wondering if maybe this new, unfamiliar sensation in my gut was telling me that Aven was much more than just another name on a case file...
