The Fourth Man - K. O. Dahl's hard-boiled psychological crime thriller, set in Oslo - is a tale of revenge and erotic obsession. Synopsis In the course of a routine police raid Detective Inspector Frank Frolich of the Oslo Police saves Elizabeth Faremo from getting inadvertently caught in crossfire.

A new Kennedy has been elected president. A man who has inherited all the good looks, wealth, and youthful idealism of his famous uncles. He is Francis Xavier Kennedy - and suddenly the old dynastic dream of a better America again seems possible.But the energetic new president is also haunted by the darker side of the Kennedy legacy - a legacy of tragedy that he may be powerless to escape.When his daughter is kidnapped by terrorists, President Kennedy is forced to make desperate decisions. As his violent reprisals take effect, the world holds its breath. A compelling, prescient and engrossing novel from the author of The Godfather.

An explosive, non-stop thriller following one man's trail of violence across post-war Europe from the bestselling author of The Godfather. Michael Rogan was an intelligence officer behind enemy lines in World War II. But he made the mistake of falling in love, which gave him something to lose—or to be taken from him. Captured by the Nazis, Michael was treated as an experiment. A piece of meat. A subject upon which his captors committed atrocity upon atrocity. But not before they did the same to his wife—and unborn son. He's lived with the horror of that experience for ten years. Now, Michael Rogan has returned to Europe to find the men who tortured him. And he's going to make sure that they never have to live with the horror as he did...They will die with it. First published under a pseudonym in 1967, Six Graves to Munich was Mario Puzo’s literary predecessor to his legendary novel, The Godfather. In this unsung classic, Puzo’s trademark unflinchingly stark writing style, vivid descriptive skill, and relentless pace are exemplified in the genre of the spy novel. In his hands, the classic tale of revenge becomes a haunting study of humanity at its most visceral, offering a glimpse into a damaged soul whose only remaining purpose for living is to kill.

Mario Puzo won international acclaim for The Godfather and his other Mafia novels. But before creating those masterpieces, Puzo wrote his first acclaimed novel The Dark Arena—an astounding story of a war-scarred young American in a battle against corruption and betrayal. . . . After coming home at the end of World War II, Walter Mosca finds himself too restless for his civilian role in America. So he returns to Germany to find the woman he had once loved—and to start some kind of life in a vanquished country. But ahead of Walter stretches a dark landscape of defeat and intrigue, as he succumbs to the corrupting influences of a malevolent time. Now he enters a different kind of war, one in which he must make a fateful decision—between love and ambition, passion and greed, life and death. . . .

Between the 18th and 19th centuries, Britain experienced massive leaps in technological, scientific, and economical advancement

World Economic Forum Founder and Executive Chairman Klaus Schwab offers a practical companion and field guide to his previous book, The Fourth Industrial Revolution. Today, technology is changing everything—how we relate to one another, the way we work, how our economies and governments function, and even what it means to be human. One need not look hard to see how the incredible advances in artificial intelligence, cryptocurrencies, biotechnologies, and the internet of things are transforming society in unprecedented ways. But the Fourth Industrial Revolution is just beginning, says Schwab. And at a time of such tremendous uncertainty and such rapid change, he argues it's our actions as individuals and leaders that will determine the trajectory our future will take. We all have a responsibility - as citizens, businesses, and institutions - to work with the current of progress, not against it, to build a future that is ethical, inclusive, sustainable and prosperous. Drawing on contributions from 200 top experts in fields ranging from machine learning to geoengineering to nanotechnology, to data ethics, Schwab equips readers with the practical tools to leverage the technologies of the future to leave the world better, safer, and more resilient than we found it.

The extraordinary beginning of an epic series brimming with the unbridled action, adventure, and imagination that have made the name R. A. Salvatore synonymous with the best in fantasy! Jeff "Del" DelGuidice was proud of his assignment to the research submarine The Unicorn. But his mission had barely begun when the vessel was sucked into a mysterious underseas void where time stood still, before propelling it forward, through the centuries. The crew surfaced in a strange, magical world changed forever by nuclear holocaust. Here a race of angelic beings had taken pity on the remnants of humankind, offering a chosen few a precious second chance. Thus the Isle of Hope was raised from the poisoned seas and set like a jewel in Earth's ravaged crown. But the jewel had a flaw, a dark vein of evil. For a sinister expert of the mystical arts had embraced the forbidden third magic, the most deadly sorcery of all. Only Del could defeat it--a hero sworn to peace and fated to wield the dazzling power of the fourth magic. . .

The Fourth Durango is not your ordinary Durango. It's not in Spain, or Mexico, and it's not a ski town in the Colorado Rockies, although Durangos do exist in all of those places. This Durango has an industry, albeit a rather odd one-it is a hideout business, a place where people pay to find sanctuary from former friends and associates who are either trying to kill them, or have them killed. Into this Durango comes a former chief justice of a state supreme court, followed by son-in-law Kelly Vines to act as his emissary to the beautiful and savvy mayor. Following them come a false priest, and a run of murders. It takes a Ross Thomas to stir these characters into a witty and ingenious mix readers will not be able to -and certainly would not want to-resist.

Based on biblical prophecy, this towering novel creates a chilling portrayal of what will happen in the world's final days. Robert Van Kampen, one of the leading experts in scriptural prophecy, unleashes a dramatic and unforgettable vision of the end-times. It began forty years ago with an act of cutting-edge medical science. Today a charismatic politician named Nikolai seizes power, kills his enemy, and mesmerizes skeptics with his message of a new one-world government, setting off the seven-year period of tribulation. As famines and civil wars rock the globe, and as prophesied events begin to unfold, the truth explodes on an unsuspecting population: Nikolai is not just a tyrant, he is history's most evil man, risen from the dead. Once the Third Reich nearly destroyed the world. This time it will not fail. . . . As the countdown to Holocaust II begins, reporter Anatoly Altshuler prepares an exodus for the people of Israel, Christian businessman Mike Teasdale sounds the survival call for the people of America, and Sonya Petrov, once Nikolai's closest adviser, realizes her catastrophic mistake. As tensions mount, friends and families, Jews and Gentiles, find themselves stranded on different sides of an apocalyptic war—between the Antichrist . . . and the Messiah.

National security, terrorism, and human rights–these explosive issues lie at the heart of Stephen Frey’s riveting new thriller, a high-octane novel of suspense, revenge, and intrigue. Dynamic chief financial officer Michael Rose is looking to add an exciting and profitable new dimension to energy conglomerate Trafalgar Industries via the major acquisition of CIS, a global information technology company. But it’s far from a done deal, thanks to fierce resistance from CIS, and from certain members of Trafalgar’s own board, to Rose’s takeover proposal. But Rose isn’t about to sacrifice his best shot at the score that could land him in the CEO’s chair. While swiftly scaling the corporate ladder, Rose has played the big business power game expertly

enough to know he has the moves to outmaneuver the opposition. But what Rose doesn't know is the truth about his latest adversaries at CIS—that they are linked to an organization hell-bent on a twisted mission and are lethal to anyone who stands in their way. The Order, an ultra-secret shadow government agency, was founded by high-level administration officials in reaction to the assassination of President Lincoln. Nearly 150 years later, the group was galvanized anew by the worst act of terror ever perpetrated on American soil—and pushed to dangerous extremes by the specter of fear . . . and the taste of power. The Order had always been sanctioned to manage national security at all costs, by any and all means, without consequences. But behind the sleek veneer of CIS Technologies, the fourth and newest incarnation of The Order not only maintains the ultimate nationwide surveillance and intelligence-gathering system, but conducts officially licensed covert operations rife with torture and murder—all in the name of freedom. The mission cannot and will not be jeopardized, even if innocent lives must be sacrificed. Unfortunately Michael Rose doesn't yet realize that his hardball tactics have made him the Order's number one hard target, and his penchant for playing to win has brought him unwittingly into a deadly duel with an enemy more powerful than he can imagine. In a world where the rule is kill or be killed, Rose's rep for sealing deals might just seal his fate.
