THE HABIT OF BEING Letters of Flannery... - Los Angeles Times

Fitzgerald defines the "habit of being" as "an excellence not only of action but of interior disposition and activity." The tendency to view literary letters as an author's unguarded self-portrait is not necessarily true when it comes to this collection because Flannery knew that she was writing these letters for posterity.

Contents: Wise Blood - A Good Man is Hard to Find - The Violent Bear It Away - Everything That Rises Must Converge - Stories and Occasional Prose - Letters.

"I would like to write a beautiful prayer," writes the young Flannery O'Connor in this deeply spiritual journal, recently discovered among her papers in Georgia. "There is a whole sensible world around me that I should be able to turn to Your praise." Written between 1946 and 1947 while O'Connor was a student far from home at the University of Iowa, A Prayer Journal is a rare portal into the interior life of the great writer. Not only does it map O'Connor's singular relationship with the divine, but it shows how entwined her literary desire was with her yearning for God. "I must write down that I am to be an artist. Not in the sense of aesthetic frippery but in the sense of aesthetic craftsmanship; otherwise I will feel my loneliness continually . . . I do not want to be lonely all my life but people only make us lonelier by reminding us of God. Dear God please help me to be an artist, please let it lead to You." O'Connor could not be more plain about her literary ambition: "Please help me dear God to be a good writer and to get something else accepted," she writes. Yet she struggles with any trace of self-regard: "Don't let me ever think, dear God, that I was anything but the instrument for Your story." As W. A. Sessions, who knew O'Connor, writes in his introduction, it was no coincidence that she began writing the stories that would become her first novel, Wise Blood, during the years when she wrote these singularly imaginative Christian meditations. Including a facsimile of the entire journal in O'Connor's own hand, A Prayer Journal is the record of a brilliant young woman's coming-of-age, a cry from the heart for love, grace, and art.

This book is enhanced with content such as audio or video, resulting in a large file that may take longer to download than expected. The Deluxe Illustrated Edition of a Timeless Classic Now with this enhanced edition, readers can gain additional insight through video interviews, audio excerpts and letters from C. S. Lewis. First published in 1942, The Screwtape Letters has sold millions of copies world-wide and is recognized as a milestone in the history of popular theology. A masterpiece of satire, it entertains readers with its sly and ironic portrayal of human life and foibles from the vantage point of Screwtape, a highly placed assistant to "Our Father Below." At once wildly comic, deadly serious, and strikingly original, The Screwtape Letters is the most engaging account of temptation—and triumph over it—ever written.

Iris Murdoch was an acclaimed novelist and groundbreaking philosopher whose life reflected her unconventional beliefs and values. But what has been missing from biographical accounts has been Murdoch's own voice—her life in her own words. Living on Paper—the first major collection of Murdoch's most compelling and interesting personal letters—gives, for the first time, a rounded self-portrait of one of the twentieth century's greatest writers and thinkers. With more than 760 letters, fewer than forty of which have been published before, the book provides a unique chronicle of Murdoch's life from her days as a schoolgirl to her last years. The result is the most important book about Murdoch in more than a decade. The letters show a great mind at work—struggling with philosophical problems, trying to bring a difficult novel together, exploring spirituality, and responding pointedly to world events. They also reveal her personal life, the subject of much speculation, in all its complexity, especially in letters to lovers or close friends, such as the writers Brigid Brophy, Elias Canetti, and Raymond Queneau, philosophers Michael Oakshott and Philippa Foot, and mathematician Georg Kreisel. We witness Murdoch's emotional hunger, her tendency to live on the edge of what was socially acceptable, and her irreverence and sharp sense of humor. We also learn how her private life fed into the plots and characters of her novels, despite her claims that they were not drawn from reality. Direct and intimate, these letters bring us closer than ever before to Iris Murdoch as a person, making for an extraordinary reading experience.
