John Mearsheimer - Changes in the Israel Lobby ~~the Israel Lobby And Us~~
The Israel Lobby and U.S. Foreign Policy is a book by John Mearsheimer, Professor of Political Science at the University of Chicago, and Stephen Walt, Professor of International Relations at the Kennedy School of Government at Harvard University, published in late August 2007. It was a New York Times Best Seller. The book describes the lobby as a "loose coalition of individuals and organizations who actively work to steer U.S. foreign policy in a pro-Israel direction". The book "focuses primari

~~The Israel Lobby and U.S. Foreign Policy – Wikipedia~~

Israel is an important, valued American ally, yet Mearsheimer and Walt show that, by encouraging unconditional US financial and diplomatic support for Israel and promoting the use of its power to remake the Middle East, the lobby has jeopardized America's and Israel's long-term security and put other countries – including Britain – at risk.

Though often justified as reflecting shared strategic interests or compelling moral imperatives, the U.S. commitment to Israel is due primarily to the activities of the "Israel Lobby." This paper describes the various activities that pro-Israel groups have undertaken in order to shift U.S. foreign policy in a pro-Israel direction.

~~The Israel Lobby and U.S. Foreign Policy by John~~

Tom Regan in the Christian Science Monitor - A research paper by two leading American political scientists alleges that the US relationship with Israel is not good for US security, and that the Israeli lobby in the US, particularly the American-Israel Public Affairs Committee, has helped exaggerate to the US media and public the importance of making the protection of Israel a key part of US foreign policy. more

~~The Israel Lobby – If Americans Knew~~

Mearsheimer and Walt define the lobby as a "shorthand term for the loose coalition of individuals and organizations that actively work to shape US foreign policy in a pro-Israel direction." (112) Some of the most important organizations in the lobby — such as the American Israel Public Affairs Committee (AIPAC) and the Conference of Presidents of Major American Jewish Organizations — have moved to the right in recent years.

This Book (The Israel Lobby and U.S. Foreign Policy by John J. Mearsheimer and Stephen M. Walt) thou the cover of this copy was in rough shape and by the some of stuff in this book is dated by now (the book published in 2007 and article the book is based on came out 2006) is very educational and informative and also is fairly easy to read and follow as well, that out of the way this book does make soiled case the America-Israeli alliance, Zionism and the Israeli Lobby too, and gives evidence ...

~~Israel Lobby and U.S. Foreign Policy – Mearsheimer, John~~

In certain respects, Walt and Mearsheimer overstated their case. In their essay, they wrote that "Israel and the Lobby" were "critical" to the Bush administration's decision to invade Iraq, which it was not. Noam Chomsky accused the authors of downplaying the role of corporate interests in setting US policy.

~~Obama and the Israel Lobby | Jewish Voice for Labour~~

"The Israel Lobby" asserts what almost 40% (per the authors) of Americans recognize - that Israel is one of the main causes of anti-Americanism, that the U.S. provides Israel with extraordinary material and diplomatic support, and that many policies pursued on Israel's behalf jeopardize U.S. national security.

~~The Israel Lobby and U.S. Foreign Policy by John~~

The authors argue that although often justified as reflecting shared strategic interests or compelling moral imperatives, the U.S. commitment to Israel is due primarily to the activities of the "Israel Lobby." This paper goes on to describe the various activities that pro-Israel groups have undertaken in order to shift U.S.

~~The Israel Lobby and U.S. Foreign Policy | Harvard~~

Obama doesn't just describe the pro-Israel infrastructure as powerful. He says that, because of the Israel lobby, it was harder to align US policy toward Israel with the US national interest than it was in the case of any other ally.

~~Obama and the Israel Lobby – Jewish Currents~~

Mearsheimer and Walt provocatively contend that the lobby has a far-reaching impact on America's posture throughout the Middle East—in Iraq, Iran, Lebanon, and toward the Israeli-Palestinian conflict—and the policies it has encouraged are in neither America's national interest nor Israel's long-term interest.

~~Review: The Israel Lobby and US Foreign Policy by John~~

Hundreds of organizations and thousands of individuals lobby the US government at every level to support Israel unconditionally. Many are active on Capitol Hill, drafting legislation to economically and militarily target Israel's regional rivals and deliver the largest slice of the US foreign aid budget to Israel.

~~The Israel Lobby – Is It Good For The US?~~

The indifference of much of the national security elite and the public to the region, in between crises, permitted US policy to be dominated by two US domestic lobbies, one ethnic and one economic-the Israel... In a provocative new study, the authors describe how the remarkable level of material and diplomatic support that the United States provides to Israel is due to the influence of the Israel lobby, which has a far-reaching impact on America's foreign policy decisions throughout the Middle East.

Proposes an alternative pro-Israel lobby that liberals can support.

While critics claim that a nefarious Israel Lobby dictates U.S. policy in the Middle East, the Arab Lobby in this country is older, richer, and more powerful than the American Israel Public Affairs Committee (AIPAC). The Arab Lobby is the first book in more than 25 years to investigate the scope and activities of this diffuse yet powerful network. Author Mitchell Bard courageously explores the invisible alliance that threatens Israel and undermines America's interests in the Middle East.

From the New York Times–bestselling author Stephen M. Walt, The Hell of Good Intentions dissects the faults and foibles of recent American foreign policy—explaining why it has been plagued by disasters like the “forever wars” in Iraq and Afghanistan and outlining what can be done to fix it. In 1992, the United States stood at the pinnacle of world power and Americans were confident that a new era of peace and prosperity was at hand. Twenty-five years later, those hopes have been dashed. Relations with Russia and China have soured, the European Union is wobbling, nationalism and populism are on the rise, and the United States is stuck in costly and pointless wars that have squandered trillions of dollars and undermined its influence around the world. The root of this dismal record, Walt argues, is the American foreign policy establishment’s stubborn commitment to a strategy of “liberal hegemony.” Since the end of the Cold War, Republicans and Democrats alike have tried to use U.S. power to spread democracy, open markets, and other liberal values into every nook and cranny of the planet. This strategy was doomed to fail, but its proponents in the foreign policy elite were never held accountable and kept repeating the same mistakes. Donald Trump won the presidency promising to end the misguided policies of the foreign policy “Blob” and to pursue a wiser approach. But his erratic and impulsive style of governing, combined with a deeply flawed understanding of world politics, are making a bad situation worse. The best alternative, Walt argues, is a return to the realist strategy of “offshore balancing,” which eschews regime change, nation-building, and other forms of global social engineering. The American people would surely welcome a more restrained foreign policy, one that allowed greater attention to problems here at home. This long-overdue shift will require abandoning the futile quest for liberal hegemony and building a foreign policy establishment with a more realistic view of American power. Clear-eyed, candid, and elegantly written, Stephen M. Walt’s The Hell of Good Intentions offers both a compelling diagnosis of America’s recent foreign policy follies and a proven formula for renewed success.

This book seeks to debunk the popular myth of an all-powerful pro-Israel lobby. Here, Kiely demonstrates how discourses surrounding American identity and US foreign policy towards the Israeli-Palestinian conflict, which has deep roots in American historicity, have constructed an understanding of the conflict which is inherently more susceptible to the Israeli narrative. Kiely argues that the so-called power of what other researchers, such as Mearsheimer and Walt (2006, 2007), call 'The Israel Lobby' are limited by these discourses. It is the author's contention that groups such as The American Israel Public Affairs Committee (AIPAC) serve to amplify and reproduce existing representations within these discourses which align the United States and Israel in terms of cultural, historical and political values while simultaneously reinforcing dominant representations of the Palestinian 'Other'.

Israel's Armor provides a foundational history of the Israel lobby and its influence on American foreign policy.

The US foreign policy stance on Israel-Palestine has shifted considerably in recent years, from a position of "Israel only" to one which embraces both Israel and Palestine in a call for peace. This volume assesses why the US stance has evolved in the way that it has, concluding that while international factors cannot be overlooked, developments within the United States itself are also crucial. After years of vacillating on Palestinian national aspirations, the majority of Americans, the author notes, have come to favor the establishment of an independent Palestinian state on the West Bank and the Gaza strip. Considering what accounts for changes in US policy on Israel-Palestine, this volume delivers a thorough assessment of the role of international and domestic factors in shaping US policy in this area considers how US policy has evolved from the Camp David negotiations of the 1970s up to the occupation of Iraq in the mid 2000s explores the significance of American public opinion and the pro-Israel and Arab lobbies in the evolution of US policy The Arab Lobby and US Foreign Policy will be of interest to students and scholars of Foreign Policy and Political Science, Current Affairs and American Studies. Khalil M. Marrar is Professor at DePaul University, USA. He has served in editorial positions at the Arab Studies Quarterly and the Association of Arab-American University Graduates.

The Israel lobby exerts incredible power and influence over America. Some identify only one organization, the American Israel Public Affairs Committee (AIPAC), as "the lobby" citing its influence on Capitol Hill. This is wrong. Many interconnected organizations channel their power and influence through AIPAC in Congress. Hundreds more "mini-AIPAC's" coordinate with AIPAC and their own national office to lobby state legislatures to pass model legislation and spending authorizations benefiting Israel-without publicly disclosing most of their lobbying activities. Others operate quietly, policing what is allowed to appear in mainstream news media and channeling "rush money" to civil rights organizations to keep them out of grassroots pro-Palestinian movements. Coordinated, effective and highly averse to public scrutiny, the Israel Affinity Organizations that make up the lobby have transformed America. While some informed voters know the U.S. provides more foreign aid to Israel than any other country, the total flow of charitable, tax dollar, military aid, intelligence and "opportunity cost" are unknown to those footing the bill-and the lobby is determined to keep it that way. Yet storm clouds are gathering over Israel's lobby. Public opinion polls asking the right questions indicate Americans are nowhere near as approving of unconditional support as many Israel lobbyists insist. Most American Jews have nothing to do with Israel lobbying organizations. More important, broad and deep societal changes, along with the technology-driven rise of alternative and social media, are transforming large numbers of Americans from mostly unaware supporters into informed and active dissenters. Big Israel is a comprehensive, historical, data-driven analysis of how the Israel lobby exerts influence across the United States. Based on a detailed review of more than 4,000 nonprofit organization tax returns, declassified U.S. government files and closely-held internal reports from Israel lobby organizations, Big Israel reveals how staid, respectable and bona fide social welfare organizations transformed themselves into a networked lobby for a foreign country-inflicting immense damage on average Americans. Big Israel offers many surprising insights into the Israel lobby's strengths and weaknesses so that Americans working for peace and justice in Middle East policymaking can finally turn down the rolling thunder of propaganda and take effective action.

The national director of the Anti-Defamation League presents a critical assessment of the "Israel Lobby" and other stereotype-based ideologies, arguing that long-standing prejudices are reemerging in virulent new forms throughout the globe, in a cautionary report that poses decisive solutions to key international issues. By the author of Never Again? The Threat of the New Anti-Semitism. 75,000 first printing.

Presents an analysis of the lying behavior of political leaders, discussing the reasons why it occurs, the different types of lies, and the costs and benefits to the public and other countries that result from it, with examples from the recent past.
