My review is on the trilogy box set titled 'Extended Versions' of all three original Swedish films. Absolutely riveting entertainment, as complex as the books and suitably dark as befits Scandi-noir subject matter. There are plenty of excellent reviews here or on each of the films marketed singularly so my comment is on the box set contents.

Presented in a very high quality boxed set with easy to release DVDs from the cases. Notes and the X-Files episode "Millennium" as an extra. This is a must for X-Files fans and sits alongside it well. Kristen Cloke who appears for a few episodes is a superb actress and I wish she was in it more.

The Millennium Trilogy Box Set Stieg Larsson

The Millenium Trilogy Boxset captures the spirit of The Girl With The Dragon Tattoo and the two sequels that followed. Its art style portrays an unforgiving gritty world of secrets and intrigue. I only wish that Titan Comics had allowed it to breathe a little more.
