Forbidden Rites consists of an edition of this medieval Latin text with a full commentary, including detailed analysis of the text and its contents, discussion of the historical context,...

Forbidden Rites consists of an edition of one of the most interesting and important manuscripts of medieval magic that has yet come to light. In addition to the Latin text, Kieckhefer provides full commentary, including detailed analysis of the text and its contents, discussion of the historical context, translation of representative sections, and comparison with other necromantic texts of the late Middle Ages.

This book is a collection of 50 of the most interesting and practical spells from grimoires such as the Key of Solomon, the Grimorium Verum, the Grand Grimoire, the Sacred magic of Abramelin the mage, the Galdrabok, and many others. The origin of each spell is listed, and notes are given in how it might be performed in modern times. It is sure to be of great interest and value to all witches, magicians, and students of the occult.

The Cambridge Book of Magic is an edition of a hitherto unpublished sixteenth-century manuscript of necromancy (ritual magic), now in Cambridge University Library. Written in England between 1532 and 1558, the manuscript consists of 91 'experiments', most of them involving the conjuration of angels and demons, for purposes as diverse as knowing the future, inflicting bodily harm, and recovering stolen property. However, the author's interests went beyond spirit conjuration to include a variety of forms of natural magic. The treatise drew on astrological image magic and magico-medical texts, and the author had a particular fascination with the properties of plants and herbs. The Cambridge Book of Magic gives an insight into the practice and thought of one sixteenth-century magician, who may have been acting on behalf of clients as well as working for his own benefit.

'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the

world. This book is the merger of two volumes. The first volume of 'MEIN KAMPF' was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The book narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of 'MEIN KAMPF'. The Second volume of 'MEIN KAMPF' was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, 'MEIN KAMPF' is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

THE BOOK OF TREASURE SPIRITS Conjurations of Goetic spirits, old gods, demons and fairies are all part of a rich heritage of the magical search for treasure trove. During the Middle Ages and Renaissance the British Monarchy gave out licenses to people seeking treasure in an effort to control such practices, and this is one reason why so many grimoires are full of conjurations and charms to help the magician find treasure. Published here for the first time, from a long-ignored mid-seventeenth century manuscript in the British Library (Sloane MS 3824), is the conjuration said to have been performed at the request of King Edward IV, with other rites to reveal treasure, to have treasure brought from the sea, and to cause thieves to bring back stolen goods. Conjurations to call any type of spirit are also included, recorded by the noted alchemist and collector Elias Ashmole, as is an extract on conjuration practices from the Heptameron, transcribed into English for practical use by a working group of magicians, before its first English publication by Robert Turner in 1655. These conjurations demonstrate the influence of earlier classic grimoires and sources, with components drawn from the Goetia, the Heptameron, and Reginald Scot's Discoverie of Witchcraft. The material includes spirit contracts for Agares, Padiel and Vassago, as well as techniques like lead plates for binding, and summoning into a glass of water, which hark back to the defixiones of Hellenistic Greece and the demonic magic of the Biblical world. This material forms part of a corpus of conjurations all written in the same hand and style of evocation, linking Goetic spirits and treasure spirits with the archangels and planetary intelligences (in Sloane MS 3825), and demon kings and Enochian hierarchies (in Sloane MS 3821), making it a unique

bridge of style and content between what are often falsely seen as diverse threads of Renaissance magic. About the Author David Rankine is an occult scholar and author of more than 20 books on the subject of magic, the western esoteric traditions, folklore and mythology. Since the 1970's he has been researching and exploring magical and spiritual practices throughout history; a journey which has taken him from ancient Sumeria, Babylonia and Egypt through Greece, Rome and Britain through the middle ages and renaissance and the modern Western Mystery Traditions. With Stephen Skinner he has produced works such as The Veritable Key of Solomon and the Goetia of Dr Rudd, both highly regarded groundbreaking works which make available previously unpublished source materials for the first time.

Featuring authentic candle magic that anyone can do, this impressive little book shows how you can connect to spiritual realms and bring positive change to your life with just a little wick, wax, and flame. Madame Pamita offers both step-by-step instructions for specific candle spells and reference materials to create your own spells. The Book of Candle Magic empowers you to manifest more happiness, love, prosperity, and fulfillment through candle spells. Discover how to make candles from scratch, perform candle readings, create your grimoire, and add some pizzazz to your rituals. Explore the best herbs, gems, talismans, and symbols for giving your spells a boost. With this beautiful book, you can claim your birthright of using fire to reach your magical goals.

Now substantially revised and updated, this essential guide is arranged in an easy-to-follow, topical style that takes readers from the rules governing basic sentence structure to methods of achieving effective expression.

This book presents the story of a unique collection of 140 manuscripts of 'learned magic' that was sold for a fantastic sum within the clandestine channels of the German book trade in the early eighteenth century. The book will interpret this collection from two angles - as an artefact of the early modern book market as well as the longue-durée tradition of Western learned magic -, thus taking a new stance towards scribal texts that are often regarded as eccentric, peripheral, or marginal. The study is structured by the apparent exceptionality, scarcity, and illegality of the collection, and provides chapters on clandestine activities in European book markets, questions of censorship regimes and efficiency, the use of manuscripts in an age of print, and the history of learned magic in early modern Europe. As the collection has survived till this day in Leipzig University Library, the book provides a critical edition of the 1710 selling catalogue, which includes a brief content analysis of all extant manuscripts. The study will be of interest to scholars and students from a variety of fields, such as early modern book history, the history of magic, cultural history, the sociology of religion, or the study of Western esotericism.
