Overview of the new ISO 22000:2018

StandardThe New Iso Standard For

The ISO 14155:2020 (Clinical

investigation of medical devices for

human subjects □ Good Clinical

Practice) is the third edition of this

standard of reference for the design,

conduct, recording, and reporting of

medical device clinical studies. It

provides guidance to manufacturers

and clinical research professionals on

how to implement Good Clinical

Practice (GCP) for pre and post-

market clinical investigations designed

to determine the safety and

performance of a medical device.

What You Need to Know About the
New ISO 14155:2020 Standard

The new standard complements ISO 14008, Monetary valuation of environmental impacts and related environmental aspects, published in March 2019. It describes methods for valuing environmental aspects and impacts, providing the essential data that feeds into such cost-benefit analyses. Hence, the two standards dovetail with one another.

Calculating the value of the environment with new ISO standard
ISO 45001 is an international standard for health and safety at work developed by national and international standards committees independent of government. Introduced in March 2018, it's replacing...

management standard

ISO 80369-7 The new ISO 80369-7
standard states that both
DIMENSIONAL and FUNCTIONAL
requirements must be met for
compliance. It also combines the semi-
rigid and rigid dimensional
requirements. Unlike ISO 594-2, the
new standard adds a flexural modulus
of 700 MPa or higher – any softer
material cannot be used for
compliance to this standard.

processes for improving work safety in global supply chains. Designed to help organizations of all sizes and industries, the new International Standard is expected to reduce workplace injuries and illnesses around the world.

ISO - ISO 45001 is now published
With more than 40 versions of the OHSAS 18001 standard used worldwide today, the International Organisation for Standardisation (ISO) has decided, like with many previous national standards, to create one, universally adaptable standard that will incorporate and supersede all those former standards. This new standard has been named ISO 45001.

ISO 45001 - What to expect from the new Standard

Where To Download The New Iso Standard For

12 November 2019 In August, the International Organisation for Standardisation (ISO) and the International Electrotechnical Commission (IEC) released a new privacy standard set to become the benchmark for helping organisations comply with international privacy frameworks and laws.

ISO 27701: the new international privacy standard ...

The ISO refers to stages of maturity of analogue and digital information management with ISO 19650 referencing a container-based collaborative working approach. In the UK we will meantime position the adoption of the ISO 19650 plus other relevant BIM standards as per the UK Annex as a BIM Level 2 maturity.
