The Oxford History of Britain (□□)

This is really a collection of essays on british history, not a history of Britain. Without a grounding in british history the reader has to consult other sources to get the basic facts on many of the key events. The writing is generally stolid and has none of the ten entries has any narrative thrust. Only the breadth is satisfying.

Amazon.com: Customer reviews: The Oxford History of Britain

Volume I of The Oxford History of the British Empire explores the origins of empire. It shows how and why England, and later Britain, became involved with transoceanic navigation, trade, and settlement during the sixteenth and seventeenth centuries.
