and a long-hidden crime lie at the heart of Naeem Murr's captivating novel about five friends growing up in a small 1950s Missouri river town. A contender for the Man Booker Prize, this exhilarating story beautifully evokes the extreme joys, as well as the dark and shameful desires, of childhood. Young Rajiv Travers hasn't had much luck fitting in anywhere. Born to an Indian mother who was sold to his English father for £20, Raj is abandoned by his relatives into the reluctant care of Ruth, an American romance writer living in Pisgah, Missouri. While his skin color unsettles most of the townsfolk, who are used to seeing things in black and white, the quick-witted Raj soon finds his place among a group of children his own age. While the friends remain loyal to one another through the years, it becomes clear that their paths will veer in markedly different directions. But breaking free of the demands of their families and their community, as well as one another, comes at a devastating price: As the chilling secrets of Pisgah's residents surface, the madness that erupts will cost Raj his closest friend even as it offers him the life he always dreamed of. Taking us into the intimate life of small-town America, *The Perfect Man* explores both the power of the secrets that shape us and the capacity of love in all its guises to heal even the most damaged of souls.

A remarkable new work from one of our premier historians In his exciting new book, John F. Kasson examines the signs of crisis in American life a century ago, signs that new forces of modernity were affecting men's sense of who and what they really were. When the Prussian-born Eugene Sandow, an international vaudeville star and bodybuilder, toured the United States in the 1890s, Florenz Ziegfeld cannily presented him as the "Perfect Man," representing both an ancient ideal of manhood and a modern commodity extolling self-development and self-fulfillment. Then, when Edgar Rice

Burroughs's Tarzan swung down a vine into the public eye in 1912, the fantasy of a perfect white Anglo-Saxon male was taken further, escaping the confines of civilization but reasserting its values, beating his chest and bellowing his triumph to the world. With Harry Houdini, the dream of escape was literally embodied in spectacular performances in which he triumphed over every kind of threat to masculine integrity -- bondage, imprisonment, insanity, and death. Kasson's liberally illustrated and persuasively argued study analyzes the themes linking these figures and places them in their rich historical and cultural context. Concern with the white male body -- with exhibiting it and with the perils to it --reached a climax in World War I, he suggests, and continues with us today.

In *Be a Perfect Man*, Andrew J. Romig argues that Carolingian representations of *caritas* served as a discourse of power, a means by which early medieval writers made claims, both explicit and implicit, about the hierarchies of masculine power that they believed ought to exist within their world.
