Research in Practice is a programme of The Dartington Hall Trust which is registered in England as a company limited by guarantee and a charity. Company No. 1485560 Charity No. 279756

~~Research in Practice—supporting evidence-informed-practice~~

This formulation is generous to technologists and unkind to social scientists, but it seems accurate that RRI practice has since SPICE pragmatically treated research itself as a form of governance . There is, in our estimation, nothing wrong with this avenue of activity—imaginaries are resonant, and interrogating the evidence and actors that underpin them is, as we have noted, its own form of “ de facto ” governance.

Good Research Practice. The University of Cambridge's guidelines on Good Research Practice have been developed to emphasise the importance of integrity and rigour in all research carried out at, and in partnership with, the University. The policy covers openness, supervision, training, intellectual property, the use of data and equipment, publications of research results and ethical practice.

Good Research Practice | Research Integrity

The Fourth Edition of The Practice of Research in Social Work introduces an integrated set of techniques for evaluating research and practice problems as well as conducting studies. Evidence-based practice comes alive through illustrations of actual social work research.

The Practice of Research in Social Work | SAGE ...

A careful consideration of study regarding a particular concern or problem using scientific methods. According to the American sociologist Earl Robert Babbie, “ Research is a systematic inquiry to describe, explain, predict, and control the observed phenomenon. Research involves inductive and deductive methods. ”

practice, and engagement with research at a practitioner, school and multi-academy trust wide level. The programme was commissioned following several years of consultation with schools. With the advent of research schools and research networks, SSAT and The Open University wanted to develop a learning course that helped practitioners better understand how to engage with research and apply it ...

~~Improving Practice through Research | SSAT~~

The promotion of responsible research practices is one of the primary responses to concerns about research integrity. Other responses include the development of policies and procedures to respond to allegations of misconduct (covered in Chapter 7) and education in the responsible conduct of research (covered in Chapter 10).

between practice and theory as a dichotomy, as has sometimes traditionally been the case (see academia: theory and practice heading), there is a growing body of practice research academics across a number of disciplines who use practice as part of their research.

~~Practice research—Wikipedia~~

The term ' practice as research ' carves out a territory for arts practice in academic environments, and refers to a broad range of research activity. Practice as research might denote a research process that leads to an arts-related output, an arts project as one element of a research process drawing on a range of methods, or a research process entirely framed as artistic practice.
