There are two basic approaches to life—two pathways. One creates pressure, the other provides freedom. In the Old Way of life, as best-selling author, psychologist, and spiritual director Larry Crabb describes it, "you have decided that what you most want out of life is within your reach, and you are doing whatever you believe it takes to get it."

In fact, for every 10 meters traveled deeper into the ocean, there are an additional 6.47kg (14.27lbs) of pressure on each square inch of surface. In order to descend to greater ocean depths, scientists and explorers must use specially designed equipment like remotely operated vehicles (ROVs) and manned submersibles that can operate under extreme pressures.

"This book makes a very important statement about how to live the Christian life. It takes the Christian beyond the obstacles and disappointments and, above all, beyond the age-old enemy of self straight into the arms of grace. Once there, the pressure is off. A real worthwhile read." —FRANK RETIEF, Presiding Bishop, Church of England in South Africa You can stop trying to get everything right. Is the pressure getting to you? Do you try to make everything work, only to find that your best efforts are largely ineffective? Christians have unknowingly embraced two errors: that following the rules guarantees a good life, and that God is important because He dispenses blessings. When God's blessings seem to taper off and when life doesn't work out, people take it upon themselves to make things work. And that creates pressure that we are all too familiar with. In The Pressure's Off, best-selling author and counselor Larry Crabb introduces you to the New Way of living. God does not guarantee ease or convenience—or even a good outcome as the result of your obedience. But he does promise himself, no matter what the circumstances of your life. When you seek God and nothing else, the pressure truly is off you.

Larry Crabb introduces you to the new way of living. God does not guarantee ease or convenience -- or even a good outcome as the result of your obedience. But he does promise himself, no matter what the circumstances of your life. When you seek God and nothing else, the pressure truly is off you.

NEW YORK TIMES BESTSELLER • An urgently needed guide to the alarming increase in anxiety and stress experienced by girls from elementary school through college, from the author of Untangled "An invaluable read for anyone who has girls, works with girls, or cares about girls—for everyone!"—Claire Shipman, author of The Confidence Code and The Confidence Code for Girls Though anxiety has risen among young people overall, studies confirm that it has skyrocketed in girls. Research finds that the number of girls who said that they often felt nervous, worried, or fearful jumped 55 percent from 2009 to 2014, while the comparable number for adolescent boys has remained unchanged. As a clinical psychologist who specializes in working with girls, Lisa Damour, Ph.D., has witnessed this rising tide of stress and anxiety in her own research, in private practice, and in the all-girls' school where she consults. She knew this had to be the topic of her new book. In the engaging, anecdotal style and reassuring tone that won over thousands of readers of her first book, Untangled, Damour starts by addressing the facts about psychological pressure. She explains the surprising and underappreciated value of stress and anxiety: that stress can helpfully stretch us beyond our comfort zones, and anxiety can play a key role in keeping girls safe. When we emphasize the benefits of stress and anxiety, we can help our daughters take them in stride. But no parents want their daughter to suffer from emotional overload, so Damour then turns to the many facets of girls' lives where tension takes hold: their interactions at home, pressures at school, social anxiety among other girls and among boys, and their lives online. As readers move through the layers of girls' lives, they'll learn about the critical steps that adults can take to shield their daughters from the toxic pressures to which our culture—including we, as parents—subjects girls. Readers who know Damour from Untangled or the New York Times, or from her regular appearances on CBS News, will be drawn to this important new contribution to understanding and supporting today's girls. Praise for Under Pressure "Truly a must-read for parents, teachers, coaches, and mentors wanting to help girls along the path to adulthood."—Julie Lythcott-Haims, New York Times bestselling author of How to Raise an Adult

This book will help you take control of your health with a complete, tested, and proven plan for reducing blood pressure without expensive drugs or complicated lifestyle changes. The author's unique and clinically proven program will show you how to manage blood pressure with the amino acid arginine, grape seed extract, tomato extract, cocoa, and other all-natural approaches. Kowalski's step-by-step instructions for accurately testing blood pressure, establishing new blood pressure goals, and reaching those goals quickly will give you the opportunity to dramatically lower your blood pressure.
