Eli Monpress is brilliant. He's incorrigible. And he's a thief. He's also still at large, which drives Miranda Lyonette crazy. While she's been kicked out of the Spirit Court, Eli's had plenty of time to plan his next adventure. But now the tables have turned, because Miranda has a new job -- and an opportunity to capture a certain thief. Things are about to get exciting for Eli. He's picked a winner for his newest heist. His target: the Duke of Gaol's famous "thief-proof" citadel. Eli knows Gaol is a trap, but what's life without challenges? Except the Duke is one of the wealthiest men in the world, a wizard who rules his duchy with an iron fist, and an obsessive perfectionist with only one hobby: Eli. It seems that everyone is hunting for Eli Monpress.

Eli Monpress is talented. He's charming. And he's a thief. But not just any thief. He's the greatest thief of the age - and he's also a wizard. And with the help of his partners - a swordsman with the most powerful magic sword in the world but no magical ability of his own, and a demonseed who can step through shadows and punch through walls - he's going to put his plan into effect. The first step is to increase the size of the bounty on his head, so he'll need to steal some big things. But he'll start small for now. He'll just steal something that no one will miss - at least for a while. Like a king.

Eli Monpress is clever, he's determined, and he's in way over his head. First rule of thievery: don't be a hero. When Eli broke the rules and saved the Council Kingdoms, he thought he knew the price, but resuming his place as the Shepherdess's favorite isn't as simple as bowing his head. Now that she has her darling back, Benehime is setting in motion a plan that could destroy everything she was created to protect, and even Eli's charm might not be enough to stop her. But Eli Monpress always has a plan, and with disaster rapidly approaching, he's pulling in every favor he can think of to make it work, including the grudging help of the Spirit Court's new Rector, Miranda Lyonette. But with the world in panic, the demon stirring, and the Lord of Storms back on the hunt, it's going to take more than luck and charm to pull Eli through this time. He's going to have to break a few more rules and work with some old enemies if he's going to survive.

Eli Monpress is vain. He's cocky. And he's a thief-- who has just seen his bounty topped. The bounty topper, as it turns out, is his best friend, bodyguard, and master swordsman, Josef. But it seems Josef has been keeping secrets: he's the only prince of a rather feisty country and his mother wants him to come home and do his duty.

Born into the naïve innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. “ From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees. ” And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.
