The Templars And The Grail
With the advent of the internet, there appears to be a swelling tide of interest relating to the question as to whether the medieval Knights Templar in fact possessed the Holy Grail. The answer to this is a very simple one: There is no doubt whatsoever that the Templars possessed the Holy Grail. The explanation behind this answer, unfortunately, remains somewhat complicated and, to a degree, very speculative.

The Templars and the Holy Grail? — Templar History

The Templars had been transformed for the first time from a crusader militia into the guardians of the mythical Grail. During the later Middle Ages the legend of the Grail became ever-more ...

This definitive work about the Templars and their presumed hidden knowledge addresses many such fascinating questions, with rare photos from the Roslyn Chapel Museum (Scotland) included.

The first English translation of the book that reveals the Cathar stronghold at Monts é gur to be the repository of the Holy Grail
• Presents the history of the Papal persecution of the Cathars that lies hidden in the medieval epic Parzival and in the poetry of the troubadours
• Provides new insights into the life and death of this gifted and controversial author
Crusade Against the Grail is the daring book that popularized the legend of the Cathars and the Holy Grail. The first edition appeared in Germany in 1933 and drew upon Rahn ’ s account of his explorations of the Pyrenean caves where the heretical Cathar sect sought refuge during the 13th century. Over the years the book has been translated into many languages and exerted a large influence on such authors as Trevor Ravenscroft and Jean-Michel Angebert, but it has never appeared in English until now. Much as German archaeologist Heinrich Schliemann used Homer ’ s Iliad to locate ancient Troy, Rahn believed that Wolfram von Eschenbach ’ s medieval epic Parzival held the keys to the mysteries of the Cathars and the secret location of the Holy Grail. Rahn saw Parzival not as a work of fiction, but as a historical account of the Cathars and the Knights Templar and their guardianship of the Grail, a “ stone from the stars. ” The Crusade that the Vatican led against the Cathars became a war pitting Roma (Rome) against Amor (love), in which the Church triumphed with flame and sword over the pure faith of the Cathars.

In 1191, fifteen-year-old Tristan, a youth of unknown origin raised in an English abbey, becomes a Templar Knight's squire during the Third Crusade and soon finds himself on a mission to bring the Holy Grail to safety.

Draws on new archaeological evidence to argue that, years before Columbus, Prince Henry St. Clair of Orkney arrived in North America with the intention of establishing a colony and discusses the role of the Knights Templar in the expedition.
20,000 first printing.

Discover the truth about the Knights Templar and find out how this enigmatic order of warrior monks can help to uncover the secret story of the Holy Grail. This compelling historical work charts the Knight ’ s achievements in a remarkable range of endeavors, from building castles and cathedrals to laying the foundations of the modern marketplace. It uncovers the link between the Rex Deus families and the creation and propagation of the Grail sagas, as well as the later foundation of the Secret Society of Freemasonry. Building a historical framework for the development of Christianity during the last years of the Roman Empire, and the Dark Ages that followed, has never been so captivating.

In the popular imagination, the Holy Grail — part of the legendary romance of King Arthur — belongs to the realm of myth. The Knights Templar also have a legendary, enigmatic aspect. Despite the immense volume of historical research available, plausible explanations to the ’ mystery ’ at the core of their practices have yet to be revealed. By studying these two themes side-by-side and showing their inner relationship, Veltman reveals valuable new perspectives. On the one hand he demonstrates that the ’ poetic imagination ’ of the Grail mystery has its origin in concrete historical events; and on the other hand, that the true history of the Knights Templar is, essentially, esoteric. Combining historical research with insights gained from the work of Rudolf Steiner, Veltman presents an impressive survey of the subject, beginning with the pre-Christian Mysteries and ending with a vision of Michaelic Christianity. He analyses the significance of the holy city of Jerusalem, the Temple of Solomon, the Temple Legend, the Grail Temple, the Rosicrucians, the Templars ’ gold, and the fraught question of evil. In addition, he sketches the continuation or metamorpho– sis of the Grail and Temple impulses into the future, including the critical ’ balancing ’ role of Europe between East and West. To become effective, this important European task — which, he says, is continually being thwarted — must be properly understood within the realm of human consciousness.

Uses the principles of sacred geometry, archaeological evidence, and Native American legend to discover the site of a secret Templar settlement in Nova Scotia
• Offers evidence that Scottish prince Henry Sinclair not only sailed to the New World 100 years before Columbus, but that he also established a refuge there for the Templars fleeing persecution
• Shows that the Grail, the holy bloodline connecting the House of David to the Merovingian dynasty through Jesus and Mary Magdalene, was hidden in the New World In 1398, almost 100 years before Columbus arrived in the New World, the Scottish prince Henry Sinclair, Earl of Orkney, sailed to what is today Nova Scotia, where his presence was recorded by Micmac Indian legends about Glooskap. This was the same Prince Henry Sinclair who offered refuge to the Knights Templar fleeing the persecution unleashed against the order by French king Philip the Fair at the beginning of the 14th century. With evidence from archaeological sites, indigenous legend, and sacred geometry handed down by the Templar order to the Freemasons, author William F. Mann has now rediscovered the site of the settlement established by Sinclair and his Templar followers in the New World. Here they found a safe refuge for the Grail—the holy bloodline connecting the House of David to the Merovingian Dynasty through the descendants of Jesus and Mary Magdalene—until the British exiled all the Acadians in 1755.

The Templar papers, author and historian Oddvar Olsen has assembled a veritable Who's Who of experts to unravel the mystery.

Historians Cameron Thorne and Amanda Spencer-Gunn uncover a stolen painting which the Nazis believed was a secret map to the Holy Grail and the lost treasure of the Knights Templar. Hitler planned to weaponize the Holy Grail and monetize the treasure as part of his campaign of world dominance. Cam and Amanda just want to find the legendary artifacts. The Nazis failed because they were unable to decipher the secret Templar clues left in the painting. Cam and Amanda may fail—perhaps fatally—because a group of modern-day Nazis remain obsessed with finishing Hitler's work.A thriller based on actual artwork, artifacts and events. Illustrated. Not recommended for readers with strong religious beliefs.This stand-alone novel merges together two series. It is Book #9 in the TEMPLARS IN AMERICA series and also Book #4 in the BOSTON LAW series.

Overturns the long-established historical narrative about the origins and purpose of the Knights Templar
• Explains how and why the Templars created Europe ’ s first nation-state, Portugal, with one of their own as king
• Reveals the Portuguese roots of key founding members, their relationship with the Order of Sion, the Templars ’ devotion to Mary Magdalene and John the Baptist, and the meaning and exact location of the Grail
• Provides evidence of Templar holy sites and hidden chambers throughout Portugal
• Includes over 700 references, many from new and rare sources
Conventional history claims that nine men formed a brotherhood called the Knights Templar in Jerusalem in 1118 to provide protection for pilgrims traveling to the Holy Land. Overturning this long-established historical narrative, Freddy Silva shows that the Order of the Temple existed a decade earlier on the opposite side of Europe, that the protection of pilgrims was entrusted to a separate organization, and that, in league with the Cistercian monks and the equally mysterious Order of Sion, the Templars executed one of history ’ s most daring and covert plans: the creation of Europe ’ s first nation-state, Portugal, with one of their own as king. Including over 700 references, many from new and rare sources, Silva reveals Portugal, not Jerusalem, as the first Templar stronghold. He shows how there were eleven founding members and how the first king of Portugal, a secret Templar, was related to Bernard de Clairvaux, head of the Cistercians. The author explains the Templars ’ motivation to create a country far from the grasp of Rome, where they could conduct their living resurrection initiation—whose candidates were declared “ risen from the dead ” --a secret for which the Church silenced millions and which the Templars protected to the death. Placing the intrepid Knights in a previously unknown time and place, Silva ’ s historical narrative reveals the Portuguese roots of key founding members, their relationship with the Order of Sion, the Templars ’ unshakeable devotion to Mary Magdalene and John the Baptist, and how they protected a holy bloodline in Portugal. He also provides evidence of secret Templar holy sites, initiation chambers, and hidden passageways throughout Portugal, often coinciding with pagan and Neolithic temples, and explains how their most important site forms a perfect triangle with the Abbey of Mont Sion in Jerusalem and the Osirion temple in Egypt. The author also reappraises the meaning of the Grail and reveals its exact location, hidden in plain sight to this very day.
