10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

"Romance is the privilege of the rich, not the profession of the unemployed." Hughie, a charming young man with no money, wants to marry a girl named Laura. But Laura ' s father is concerned with Hughie ' s lack of wealth and tells him he can only have his daughter if he comes up with 10,000 pounds. Defeated, Hughie visits his artist friend, who is painting a portrait of a beggar. Meeting the beggar outside, Hughie gives him some money. What he doesn ' t know is that the man isn ' t a beggar at all but a wealthy baron, and Hughie ' s generosity might just be the thing to change his life. The Model Millionaire is a charming and funny little story, similar in setting to The Picture of Dorian Gray, but far more optimistic. A delightful read. Oscar Wilde (1854-1900) was an Irish playwright, novelist, essayist, and poet, famous for ' The Picture of Dorian Gray ' and ' The Importance of Being Earnest ' to name a couple. He was believed to be a homosexual and met a lot of resistance in his life on that account. He died in Paris at the age of 46.

Some of the smartest, most successful people in the country didn ' t finish college. None of them learned their most critical skills at an institution of higher education. And like them, most of what you ' ll need to learn to be successful you ' ll have to learn on your own, outside of school. Michael Ellsberg set out to fill in the missing pieces by interviewing a wide range of millionaires and billionaires who don ' t have college degrees, including fashion magnate Russell Simmons and Facebook founding president Sean Parker. This book is your guide to developing practical success skills in the real world: how to find great mentors, build a world-class network, make your work meaningful (and your meaning work), build the brand of you, and more. Learning these skills is a necessary addition to any education, whether you ' re a high school dropout or graduate of Harvard Law School.

An edition expanded with more than 100 pages of new content offers a blueprint for a better life, whether one's dream is escaping the rat race, experiencing high-end world travel, earning a monthly five-figure income with zero management or just living more and working less.

Entrepreneur Melissa Carbone scares people for a living—and she does it so well, she has her market cornered. Melissa Carbone's company, Ten Thirty One Productions, creates immersive horror experiences with life-like monsters and magic and other frights. More than 500,000 guests have attended her attractions and they show no sign of slowing down. But it wasn't always this way—an activist and lifelong horror fan, Melissa built her brand from the ground up, and in order to do that, she had to surmount her number-one obstacle: fear of failure. Known for securing one of the largest investments in the history of the show from Mark Cuban on ABC's Shark Tank, Melissa lives by the philosophy that it's important to dream epically and have the guts to jump for it. And success has followed. Collaborations and relationships with iconic industry and political leaders like Live Nation, Legendary Pictures, and the White House are just a small piece of the story. In Ready, Fire, Aim: How I Turned a Hobby Into an Empire, Carbone shares her philosophy of embracing all the shots that hit—and the ones that missed—that enabled her to turn her hobby into an empire. She will reveal the secrets, tips, and anecdotes that can help you turn your dreams for your career into your reality. You will find inspiration to:

- Choose boldly: Choose to be in the top .1% of successful individuals—every day
- Activate your ideas: Activation is where millionaires and billionaires are made—this is the key difference between the dreamers and those who have it all
- Kill the fear of failure: Failure is the best way to prepare you for success Building your empire will require constant learning, reinvention, and growth. Ready, Fire, Aim is the story of entrepreneurship that pushes you to live with the audacity to take the first shot.
