'Comparable to Tolkien at his best' WASHINGTON POST

Thomas Covenant returns unwillingly to a Land ravaged by four thousand years of Lord Foul's pestilence. Under the evil Sunbane, the people of the Land submit to cruel sacrifices; the rulers of Revelstone are corrupt, the fields and forests laid waste; the healing Earth-power impotent. Accompanied by a woman from his own world, Covenant begins a new quest to save the Land from the forces that have all but destroyed it.

"The hottest fantasy writer since J.R.R. Tolkien!"—The Washington Post Thomas Covenant, accompanied by Linden Avery, begins his search for the One Tree aboard the giantship Starfare's Gem. Armed with the knowledge given to him in Andelain by his trusted friend, the Forestal Hile Troy, Covenant was determined to succeed. He was the last hope for the salvation of the Land. Only he had the power to forge a new Staff of Law and return to the Land to stop the encroaching desecration of the Sunbane and the bloody sacrificial rites of the Clave. But fate decreed that the journey was to be long, arduous, and fraught with danger as Covenant and his companions are assailed by powerful forces whose sole purpose is to ensure the failure of their quest.

"Wounded Land is . . . a deeper, richer world than that presented in the previous volumes. . . . [Stephen R.] Donaldson is extending himself, creating a fuller, more mature world of imagination."—Seattle Post-Intelligencer Four thousand years have passed since Covenant first freed the Land from the devastating grip of Lord Foul and his minions. The monstrous force of Evil has regained its power, once again warping the very fabric and balance of the Land. Armed with his stunning white gold, wild magic, Covenant must battle not only terrifying external forces but his own capacity for despair and devastation. His quest to save the Land from ultimate ruin is exciting and heroic as ever.

'Comparable to Tolkien at his best' WASHINGTON POST

"Covenant is [Stephen R.] Donaldson's genius!"—The Village Voice He called himself Thomas Covenant the Unbeliever, because he dared not believe in this strange alternate world on which he suddenly found himself. Yet the Land tempted him. He had been sick; now he seemed better than ever before. Through no fault of his own, he had been outcast, unclean, a pariah. Now he was regarded as a reincarnation of the Land's greatest hero—Berek Halfhand—armed with the mystic power of White Gold. That power alone could protect the Lords of the Land from the ancient evil of the Despiser, Lord Foul. Except that Covenant had no idea how to use that power. . . .

New York Times bestselling author Stephen R. Donaldson presents the first novel of the four-volume finale to the series that's become a modern fantasy classic: The Chronicles of Thomas Covenant. Thomas Covenant lost everything. Abandoned by his wife and child, sick and alone, he was transported while unconscious to a magical, dreamlike world called the Land. Convinced it was all a delusion, Covenant was christened The Unbeliever by the Land's inhabitants—but gave his life to save this new-found world he came to regard as precious. Ten years after Covenant's death, Linden Avery still mourns for her beloved companion. But a violent confrontation with Covenant's son, who is doing the evil Lord Foul's bidding, forces her into the Land, where a dark malevolence is about to unmake the laws of nature—and of life and death itself. It is here that she comes upon Esmer, son of the Dancers of the Sea, a creature of strange powers who draws Linden backwards through time to witness Thomas Covenant's return to life, and to reinvent the mysterious, dangerous, and violent history of the Land.

Having pursued separate goals in support of loved ones in the magical reality known only as "The Land," Thomas Covenant and Linden Avery reunite and discover their true power in each other before considering a magical sacrifice to stop the Worm of the World's End.
