There are times in life when we are caught utterly unprepared: a death in the family, the end of a relationship, a health crisis. These are the times when the solid ground we thought we stood on disappears beneath our feet, leaving us reeling and heartbroken, as we stumble back to our faith. The Days of Awe encompass the weeks preceding Rosh Hashanah up to Yom Kippur, a period in which Jews take part in a series of rituals and prayers that reenact the journey of the soul through the world from birth to death. This is a period of contemplation and repentance, comparable to Lent and Ramadan. Yet, for Rabbi Alan Lew, the real purpose of this annual passage is for us to experience brokenheartedness and open our heart to God. In *This is Real and You Are Completely Unprepared*, Lew has marked out a journey of seven distinct stages, one that draws on these rituals to awaken our soul and wholly transform us. Weaving together Torah readings, Buddhist parables, Jewish fables and stories from his own life, Lew lays bare the meanings of this ancient Jewish passage. He reveals the path from terror to acceptance, confusion to clarity, doubt to belief, and from complacency to awe. In the tradition of *When Bad Things Happen to Good People*, *This Is Real And You Are Completely Unprepared* enables believers of all faiths to reconnect to their faith with a passion and intimacy that will resonate throughout the year.

'A gracefully written book about the inner strength we all have within us' Wim Hof _____ Do you feel held back by your own thoughts? Have you gone through years of therapy but never quite resolved your problems? Whether you struggle with mental health or want to achieve more in life, this revolutionary book is your key to finally making positive changes. It's common to feel a loss of control and even feel out of touch with our own identity when we go through periods of stress or trauma. Our brains are conditioned to form beliefs about ourselves and the world around us, so when we experience adversity thoughts such as 'I'm not good enough', 'I don't deserve to be happy' and 'I don't belong here' can develop and start to hold us back in life. Left unchecked, these thoughts can leave us feeling stuck, incapable and unfulfilled but this life-changing book shows how we can de-hypnotize ourselves of those beliefs and re-discover the capable and confident person within us. Having practised as a therapist for almost thirty years, Andrew Parr has helped thousands of people to break free of their self-sabotaging thoughts and achieve things they never thought possible: from pay rises to weight loss, and from quitting smoking to overcoming insomnia. In *The Real You* he shares his transformative approach, combining the most effective aspects of hypnotherapy, psychotherapy, coaching and CBT, that will help you to identify and resolve problematic mental patterns more easily than with traditional talking therapy. No matter what you want to achieve, the simple, practical exercises in this book will put you back control of your thoughts, transform your self-confidence and make success possible. _____ 'A truly unique and transformational book' Paul Hewitt, Sports Performance Specialist

Learn to let go of the illusions of the ego and discover the real you with this collection of inspiring quotes on the ego, mind, and spiritual enlightenment from human-consciousness expert Dr. David R. Hawkins. Are you willing to let go of seeing yourself as the ego believes you to be? Are you willing to go further, to know that the ego itself is an illusion? In this book, select teachings from Dr. David R. Hawkins ' s extensive body of work will guide you in the process of realization, surrender, and transformation. When we let go of the old ways of thinking, our attachments, and the false promises of the ego, we discover the truth that we are one with All. Features classic passages, including: • It is not really necessary to subdue the ego, but merely to stop identifying with it. • Every life experience, no matter how “ tragic, ” contains a hidden lesson. When we discover and acknowledge the hidden gift that is there, a healing takes place. • Enlightenment is not a condition to be obtained; it is merely a certainty to be surrendered to, for the Self is already one ' s Reality. It is the Self that is attracting one to spiritual information. • To be enlightened merely means that consciousness has realized its most inner, innate quality as nonlinear subjectivity and its capacity for awareness. • The only energy that has more power than the strength of the collective ego is that of Spiritual Truth. “ This book is small in size, but it can have a massive impact on your life. It will take you through the process of a total transformation of consciousness—if you choose to apply its teachings deeply within yourself. ” — From the Introduction by Fran Grace, Ph.D.

From before each of us was born, and up to a young age, our experiences of the world and of our parents shaped us in ways we do not even realise. Our brains were not developed enough to make sense of our early lives and so these experiences become unresolved, unconscious memories. Our responses to situations and events are often unconscious reflexes we devise to protect ourselves. As adults, this can lead us to repeat unwanted patterns that prevent us achieving what we really want. This book reveals the powerful, invisible waves of influence that inform our actions, bind us to the past and hold us back in our present. Simple but effective exercises provide the tools to identify exactly how our actions today are connected to our early childhood experiences and our relationships with our parents, as well as to past generations, history and culture. It also shows us what we can do about it now!
