Toshiba D-R410 DVD Recorder - HDMI, 1080p, Regza Link, One ...

I picked up the D-R410 last week and can't get any divx/xvid file to play on dvd-/+r or cd-r. I checked out the manual and can't find anything on divx playback or divx certification. I really like the D-R410 as a player/recorder. My Samsung DVD-R135 has problems recording now and I need something with divx playback.
