Town and Square: From the Agora to the Village Green ...

Town and Square: From the Agora to the Village Green. This book is the first publication in English which gives a general survey of the development of the inner structure of the town from a dual point of view: that of the function of the square in the life of the community and that of its conception in purely aesthetic terms. Squares have played an important part in civic life from the agora of Greek towns to the "green" or "common" of New England villages; from the small public square to the ...
