Toyota Corolla 4a Engine
The A-series includes one of the first Japanese mass-production DOHC, four-valve-per-cylinder engines, the 4A-GE, and a later version of the same engine was one of the first production five-valve-per-cylinder engines. Toyota joint venture partner Tianjin FAW Xiali still produces the 1.3 L 8A and resumed production of the 5A in 2007.

Toyota A engine - Wikipedia
The 4A-GE engine was first introduced in the 1983 Sprinter Trueno AE86 and the Corolla Levin AE86 sports version. The AE86 marked the end of the 4A-GE as a rear wheel drive (RWD or FR) mounted engine.

Toyota engines - **Toyota 4A Engine (1982-2902)**
The 4A engine series was a 1587 cc (1.6 liter) engine, introduced in 1988, and revised to 4A-FE in 1993; it was mainly used in the Corolla, and was replaced by the ZZ series in the 1998s. The 7A engine series was essentially the same engine, stroked for higher displacement (1.8 liters) and better torque.

Toyota 4A-F and 7A-FE engines
Toyota 4A engine firing order is 1-3-4-2. Apart from that legendary engine, other models, such as the 5A and 7A engines were successfully manufactured. The Toyota 4A production stopped in 2001. It was replaced with the 3ZZ-FE namely at that time.

Toyota 4A Engine l Turbo, 4AGE cams, ITB, differences, etc.
The name AE86 derives from Toyota's internal code during the car's development, designating the 1600 cc RWD model from the fifth generation of the Corolla. In Toyota's code language, the "A" designates the car's engine (4A series), "E" designates Corolla, "8" designates fifth generation and "6" designates the variant within this generation.

Toyota Corolla Engine 4a Fe
The Corolla E100 was the seventh generation of cars sold by Toyota under the Corolla nameplate. This generation of Corolla was larger, heavier, and visually more aerodynamic than the model it replaced. With its 2465 mm (97 in) wheelbase, the Corolla had moved into the compact size class once occupied by the Corona and Camry.The Corolla again had an equivalent model Sprinter, with the Sprinter ...

Best Engine Oil For 1.6 Corolla (4A-Fe) - Toyota Owners Club
The 1.6-litre engine (below) □ only available on saloon and liftback models □ was the latest development of the venerable 1587cc 4A-FE unit. Dynamically similar to the 1.3-litre engine, its new peak outputs were identically positioned, in this case offering 113bhp at 6,000rpm and 107 lb/ft torque at 4,800rpm.

Toyota Corolla generations: 1992-97 Corolla - Toyota UK
The A-series was a remarkably light and powerful engine for it's time, and the 4A-FE has to be about the ultimate expression of it's type. No, it doesn't have the performance of the 4A-GE, or the supercharged 4A-GZE. It's not exciting, but it's a truly solid performer, and reliable to boot.

The Toyota Truck & Land Cruiser Owner's Bible "TM" is the authoritative companion book for your Toyota truck, whether it's a heavy hauling pickup, rugged off-road FJ40, or a new Land Cruiser that's never left pavement. Author, veteran truck mechanic and off-road expert Moses Ludel has written the only comprehensive source of information for Toyota Trucks and Land Cruisers -- a history, buyer's guide, service manual, and high-performance tuning book all in one! Discover every aspect of Toyota trucks, from their origins in 1958 to the latest technological advances. You'll learn tips for buying the right new or used truck, and which accessories make sense for your needs. Step-by-step procedures with hundreds of photos cover basic maintenance and more complicated work, like tune-ups, valve adjustments, brake jobs and installing aftermarket suspension/lift kits. Get the hot set-up for your truck, whether you want low-end torque or high-RPM power. Moses gives specific tuning recommendations for engines from the early inline-6s to the advanced 4.5L 24-valve DJ engine. He shares expert insights into the best high performance components and the latest technology from Toyota Racing Development. You'll also find suspension and chassis modifications, and the best tire and wheel combinations.

Anne Marie Stanhope, a young American woman □ motherless since the age of three □ is summoned to Mexico City by her estranged father, Chesterton Stanhope, where she has been promised in marriage to Frederick Von Alt, the son of her father's business partner. As it is 1910 and women were not equipped to independently earn a living, Anne Marie dutifully arrives in the capital, although she is frustrated by her father's hesitancy to formally introduce her to her future husband. Disconcerted by her inability to speak the Spanish language, her father engages a tutor, Miguel Ruiz, -- an affluent sophisticate whose politics are in direct opposition of his social stature. Enamored by Miguel Ruiz, although betrothed to Frederick, Anne Marie eventually learns that she has actually been brought to Mexico for another purpose, and she does not want part of it. Eluding her father, she accidentally finds herself sheltered in a house of prostitution under the protection of a kind madame who is acquainted with her father and Miquel Ruiz. The Revolution commences and circumstances lead the tutor to the madame's house where he enlists her assistance in helping Anne Marie escape the fate planned by her father. An insurgent attacks have escalated, the tutor agrees to accompany Anne Marie to a home in Cuernavaca owned by a trusted friend of the madame. While there, Anne Marie ultimately learns the truth about her mother's untimely death from a former contact of her father and comes to realize that she has only one person on whom she can truly rely: Miquel Ruiz. A proponent of the poor and landless peasants, Miguel is commissioned by an old friend to plan strategies for insurgents operating in the northern part of Mexico. After he and Anne Marie trek north, Miquel learns that he will be involved in planning strategies and raids not only for his compatriot, but also for one of Mexico's most infamous desperados, Francisco Pancho Villa. Now lovers and committed to each other, Anne Marie blindly accepts Miquel's calling. Eventually, she is presented with a young Indian maid recued in one of Villa's raids. Unaware of the pillaging, raping and shooting that Villa and his men have been conducting in the name of freedom and justice, she is inadvertently exposed to Villa's devastation while seeking medical attention at another village. Pleading with Miquel to stop this carnage, he passionately convinces her that he is only planning strategies. Perceiving the intensity of his fervor, Anne Marie realizes that she cannot dissuade Miquel. After overhearing his plans for a raid by Villa's men on a nearby hacienda, now under the charge of an American Army major assisting the Mexican government in its attempt to diffuse and quell insurgent uprisings, Anne Marie is torn between her loyalty to Miquel and to a United States citizen in imminent danger of attack and death by Villa's insurgents. She decides to help the Army major and sends word to the village via her maid. Her decision led to an unexpected consequence and changed her life forever.
