"The best book ever written by man or woman...deserves to sell more copies than the Bible."—Rebel, Inc.

Trainspotting is the novel that first launched Irvine Welsh's spectacular career—an authentic, unrelenting, and strangely exhilarating episodic group portrait of blasted lives. It accomplished for its own time and place what Hubert Selby, Jr.'s Last Exit to Brooklyn did for his. Rents, Sick Boy, Mother Superior, Swanney, Spuds, and Seeker are as unforgettable a clutch of junkies, rude boys, and psychos as readers will ever encounter. Trainspotting was made into the 1996 cult film starring Ewan MacGregor and directed by Danny Boyle (Shallow Grave).

The International Bestseller from the author The New York Times called "blisteringly funny" – it's the wild and wooly crew from Trainspotting back for one last adventure You don't need to have seen the blockbuster movie—nor read the earlier mega-bestselling books—to get what's going on in Dead Men's Trousers: Four no-longer-young men who constantly think back to their bawdy, drug-filled youth together on the streets of Edinburgh, decide they want to join forces for one last caper. Careful what you wish for... "Manages a sort of ragged glory, a life-affirming comic energy . . . A whooping last hurrah for the Trainspotting gang." —The Guardian "Crackles with idiomatic energy and brio." —Publishers Weekly Mark Renton is finally a success. He now makes significant money managing DJs, but the

constant travel, airport lounges, soulless hotel rooms, and broken relationships have left him dissatisfied with life. Then he runs into his old partner in crime, Frank Begbie, from whom he'd been hiding for years. But the psychotic Begbie appears to have reinvented himself as a celebrated artist in Los Angeles, and doesn't seem interested in revenge. Meanwhile, back in Edinburgh, Sick Boy and Spud are intrigued to learn that their old friends are back in town, and concoct a new scheme for them all . . . Which is when things start to go horribly wrong. The four men, driven by their personal histories and addictions, circle each other, confused, angry, and desperate. One of these four will not survive . . . Which one is wearing Dead Men's Trousers? Fast and furious, scabrously funny, and weirdly moving, this is a spectacular return of the crew from Trainspotting.

'Back to his violent best...dark, gruesome and captivating' Esquire  
The most terrifying character from Trainspotting returns. Jim Francis has finally found the perfect life – and is now unrecognisable, even to himself. A successful painter and sculptor, he lives quietly with his wife, Melanie, and their two young daughters, in an affluent beach town in California. Some say he's a fake and a con man, while others see him as a genuine visionary. But Francis has a very dark past, with another identity and a very different set of values. When he crosses the Atlantic to his native Scotland, for the funeral of a murdered son he barely knew, his old Edinburgh community expects him to take bloody revenge. But as he confronts his previous life, all those friends and enemies – and, most alarmingly, his former self – Francis seems to have other ideas. When Melanie discovers something gruesome in California, which indicates that her husband's violent past might also be his psychotic present, things start to go very bad, very quickly. The Blade Artist is an elegant, electrifying novel – ultra violent but curiously redemptive – and it marks the return of one of modern fiction's most infamous, terrifying characters, the incendiary Francis Begbie from Trainspotting.

Chronicles the misadventures of Mark Renton and his friends as they cope with economic uncertainties, family problems, drug use and the opposite sex in 1980s Edinburgh in this new novel from the author of Trainspotting and Filth.

The Trainspotting lads are back...and in worse shape than ever. In the last gasp of youth, Simon "Sick Boy" Williamson is back in Edinburgh. He taps into one last great scam: directing and producing a porn film. To make it work, he needs bedfellows: the lovely Nikki Fuller-Smith, a student with ambition, ego, and troubles to rival his own; old pal Mark Renton; and a motley crew that includes the neighborhood's favorite ex-beverage salesman, "Juice" Terry. In the world of Porno, however, even the cons are conned. Sick Boy and Renton jockey for top dog. The out-of-jail and in-for-revenge Begbie is on the loose. But it's the hapless, drug-addled Spud who may be

spreading the most trouble. *Porno* is a novel about the Trainspotting crew ten years further down the line: still scheming, still scamming, still fighting for the first-class seats as the train careens at high velocity with derailment looming around the next corner.

An epic novel about the bonds of friendship from the author of *Trainspotting*. The story of four boys growing up in the Edinburgh projects, *Glue* is about the loyalties, the experiences, and the secrets that hold friends together through three decades. The boys become men: Juice Terry, the work-shy fanny-merchant, with corkscrew curls and sticky fingers; Billy the boxer, driven, controlled, playing to his strengths; Carl, the Milky Bar Kid, drifting along to his own soundtrack; and the doomed Gally, exceedingly thin-skinned and vulnerable to catastrophe at every turn. We follow their lives from the seventies into the new century—from punk to techno, from speed to E. Their mutual loyalty is fused in street morality: Back up your mates, don't hit women, and, most important, never snitch—on anyone. *Glue* has the Irvine Welsh trademarks—crackling dialogue, scabrous set pieces, and black, black humor—but it is also a grown-up book about growing up—about the way we live our lives, and what happens to us when things become unstuck. "Stocked with his usual quirky, sympathetic characters, this rollicking new tale sparkles with the writer's trademark satiric wit. Its heft and narrative breadth should convince any remaining skeptics that Welsh—now effectively the grand old man of in-your-face Scottish fiction—is a writer to be taken seriously."—Publishers Weekly starred review

Unlock the more straightforward side of *Trainspotting* with this concise and insightful summary and analysis! This engaging summary presents an analysis of *Trainspotting* by Irvine Welsh, a cult novel following a group of men and women in a working-class area of Edinburgh who live lives blighted by poverty, violence and drug addiction. The novel's main character is Mark Renton, who feels that his life is essentially meaningless, is increasingly estranged from his friends and family and, despite his sporadic efforts to give up heroin, is constantly sucked back into the cycle of addiction. Its bleak depiction of drug addiction is vivid and brutal, and has lost none of its power to shock. *Trainspotting* is Irvine Welsh's best-known novel, and was adapted into a 1996 film of the same name directed by Danny Boyle.
