This book recounts the case of Bill Herrmann, who states he was abducted multiple times by aliens he says came from Zeta Reticuli. Herrmann was the subject of an article for UFO Report of Dec 1979 and he is mentioned by Budd Hopkins in Missing Time and Richard Hall in Uninvited Guests. The case appears like a fraud to me.

Imagine my surprise to find such a connection between two separate UFO cases, and both of them still going on. Bill Herrmann was taken aboard the Reticulian spacecraft two more times before I finished writing up the first volume of those contact notes in a work titled UFO CONTACT FROM RETICULUM, privately published in 1981.]

From time to time throughout the contact notes, well known UFO cases are being discussed between Billy Meier and his extra-terrestrial contacts. He is being told that some of them are fake and some of them are real. Two of the real cases involve the Reticulum constellation. They are the 1947 Roswell crash and the 1961 Betty and Barney Hill case. Contact 246 - Betty and Barney Hill.

Documents how 12 people, as part of a top-secret U.S. government program, traveled to the planet Serpo and lived there for 13 years • Based on the debriefing of the Serpo team and the diary of the expedition's commander • Explains how the aliens helped us reverse-engineer their antigravity spacecraft and develop technology to solve our planet-wide energy problems • Reveals how our government has an ongoing relationship with the Serpo aliens On July 16, 1965, a massive alien spacecraft from the Zeta Reticuli star system landed at the Nevada test site north of Las Vegas. Following a plan set in motion by President Kennedy in 1962, the alien visitors known as the Ebens welcomed 12 astronaut-trained military personnel aboard their craft for the 10-month journey to their home planet, Serpo, 39 light-years away. In November 2005, former and current members of the Defense Intelligence Agency--directed by Kennedy to organize the Serpo exchange program--came forward to reveal the operation, including details from the 3,000-page debriefing of the 7 members of the Serpo team who returned after 13 years on the planet. Working with the DIA originators of the Serpo project and the diary kept by the expedition's commanding officer, Len Kasten chronicles the complete journey of these cosmic pioneers, including their remarkable stories of life on an alien planet, superluminal space travel, and advanced knowledge of alien technologies. He reveals how the Ebens presented the U.S. with "The Yellow Book"--a complete history of the universe recorded holographically, allowing the reader to view actual scenes from pre-history to the present. He explains how the Ebens helped us reverse-engineer their antigravity spacecraft and develop technology to solve our planet-wide energy problems--knowledge still classified. Exposing the truth of human-alien interaction and interplanetary travel, Kasten reveals not only that the Ebens have returned to Earth eight times but also that our government continues to have an ongoing relationship with them--a relationship with the potential to advance the human race into the future.

Time-Traveling Eighth-Dimensional Andromedans Visit Earth They Share Advanced Science with a Mexican Professor, a Physicist. They Share Details of Their Interaction with a Devastating Nuclear Explosion Involving Two Countries on Earth. The Physicist Is Later Committed to a Mental Institution and Then Disappears Forever. His Journals Also Disappear. Now the Andromedans who originally contacted the Professor speak through Super channel Robert Shapiro and again give instructions that will allow trained scientists to construct a shield around existing Earth planes so that Earth astronauts can fly to Mars or to the stars. The Andromedans also tell what really happened on their journeys and on Earth, and they clear up questions one would have after reading the English or Spanish version of the previous book—the text of which follows the channeling in this book. In addition, they supply a lively account of their lives on their home planet in the Andromedan constellation of our galaxy. The eight-foot-tall, highly mental crew members of the ship who speak: Leia, the beautiful Cultural Specialist and Social Diplomat who so intrigued the Professor Cheswa, the Cultural Liason G-dansa, Leia's daughter, equivalent to an eight-year-old ET Eloise Duzan, the Junior Scientist Onzo, the Senior Scientist and Crew Leader, the youngest, yet genetically modified to be the most brilliant of the crew Playmate, a two-foot-tall roly-poly Andromedan who teaches communion of heart and mind

Shares new documents to expose the sinister alien influence in world governments, financial systems, and scientific institutions throughout history • Shows how Eisenhower's treaty with the Greys, signed at Holloman Air Force Base in 1954, gave the aliens authority to abduct humans for "research" • Reveals how Reptilian-influenced ex-Nazis infiltrated the U.S. government • Explains how the Reptilians have created alien-human hybrids under their control to replace the human population Long ago, the Galactic Federation sent the Atlans, a fierce group of humans from the Pleiades, to Earth to confront the newest colony of the combative ever-spreading alien race known as the Reptilians. The ensuing battle sank the continent of Lemuria and drove the Reptilians underground beneath the Indian subcontinent as well as to Antarctica. Able to shapeshift to appear human, the Reptilians then infiltrated the Atlantean civilization, abducting humans and creating Reptilian hybrids. As Len Kasten shows, this technique of infiltration and hybridization prior to an all-out attack has been the hallmark of Reptilian conquest throughout the galaxy. Chronicling the history of the Reptilian Empire's influence on Earth and their conquest of 21 star systems, Kasten reveals how the human race is enmeshed in a skillfully concealed plot to enslave humanity and exploit our planet's physical and biological resources. Revealing Hitler's pact with extraterrestrials and the Reptilian influence on the Nazi state, he shares new documents that disclose the rescue and rehabilitation of Nazi war criminals to assist in the Cold War, which then corrupted many U.S. government institutions. Focusing on crucial events in the decade after World War II, he examines the Reptilians' human allies, the Illuminati, who control the levers of financial, technological, and military power throughout the world through various secret societies. He shows how Eisenhower's treaty with the Greys, signed at Holloman Air Force Base in 1954, gave the aliens permission to take humans up to their spaceships, ostensibly for genetic study--in return for alien technology--and how these abductions led to the creation of a hybrid race under Reptilian mind control. He also explains how Kennedy was assassinated by the CIA because of his plans to rout out this Nazi-Reptilian presence. Contrasting the Reptilians with the benevolent Ebens, the aliens from Zeta Reticuli who crashed at Roswell, Kasten exposes the stealthy tactics of the Reptilians, their relationship with the Greys, and their advanced genetic bio-technology and teleportation abilities--as well as what we need to do to defeat their plans.

Ludwig Pallmann was an international salesman for machinery to pulverize grain, who travelled widely and spoke several languages. While in India, he encountered a mysterious man on a train who had the "light brown skin of a Eurasian, huge dark eyes, a rather small mouth, and an unusual chin line. The lower part of the jaw looked slightly deformed. Above all, there was this peculiarity of speech, this complete reliance upon an electronic gadget to reproduce his voice." The two started chatting, and later met up again, in India, and later, when Pallmann was selling machinery to finely grind the yucca root in Peru. Eventually, the mystery man takes Pallmann on a train ride to Huancayo. Then they travel to a lake, where a UFO glides to the edge. Pallmann takes a trip to an alien plantation, where Amazon plants are being harvested and hybridized. He learns about the "cosmophilosophy" of the humanoid aliens, which is of a pacifist, vegetarian, socialist nature. Pallman is informed that man's highest duty is to protect women and children from violence. There is also a trip to a "lost city," Linislan, somewhere northeast of Cuzco. The author vanished and the publisher went out of business soon after the book's release, adding to the mystery. This special edition features an introduction by ufology legend Wendelle Stevens.

A tour of some of the world's most secretive places and organizations addresses various conspiracy theories and hidden histories for locations ranging from Area 51 and Yale's Skull and Bones to the Mount Weather Emergency Operations Center and Germany's Wewelsburg Castle.
