If you are looking for Indie books, Bibliotastic provides you just that for free. This platform is for Indio authors and they publish modern books. Though they are not so known publicly, the books range from romance, historical or mystery to science fiction that can be of your interest. The books are available to read online for free, however, you need to create an account with Bibliotastic in order to download a book. The site they say will be closed by the end of June 2016, so grab your favorite books as soon as possible.

Invites readers to practice early counting skills, while also learning colors, as they discover the things that make Texas unique, including its animals and plants.

At last a dedicated publication that explains the history of the world's most versatile station wagon, a global workhorse, and comfortable family vehicle. Sweden's answer to Germany's people's car arrived some 20 years earlier and quickly paved the way for safe and dependable vehicles. The Volvo Estate chronicles the evolution of the Volvo estate car, with every model featured. Whether you are a Volvo lover or just have a general interest in cars, this book offers an informative and interesting look into a car that has had very little media coverage despite its vast global sales success and the affection it holds with so many.

Hans Ledwinka's innovative Tatra cars were models of design excellence, and were highly influential in shaping modern car design concepts and the development of the Volkswagen. This book places Ledwinka in his well-deserved place amongst the great car designers. This enlarged 2nd edition contains updated material and additional illustrations.

This book provides an easy-to-follow practical guide to the maintenance, repair and modification of the different types of suspension used in cars. With over 170 illustrations, including colour photographs and diagrams, this practical book explains what suspension is and why it is needed; it reviews the different types of suspension of available; it covers the key maintenance and repairs that an owner can undertake, and finally, describes modifications in detail with step-by-step photographs.

The myth that Alec Issigonis conceived the Mini is just one whisp of the smoke screen that obscures the untold story of post-War Britain's greatest industrialist. This is more than a motoring story. You will find commentary on life in the first half of the 20th century as you explore the drama of one man's determination to overcome adversity. Someone who 'shot from the hip' as no other tycoon. This is a tale of political and military intrigue. Of spectacular business acumen. Of bitter, violent, industrial conflict. An account of savage jealousies and sexual intrigue. To record the life of Leonard Lord the author has visited a vast number of sources. In recent times some have sought to implant the roots of the British motor industry's ills and ultimate collapse in the policies of Leonard Lord. This is both disingenuous and unjust. This, for the first time, is his story.

Revealing why Morgan returned to its original 3 Wheeler concept after a century. How the new 3 Wheeler was created, became a best-seller, and was made, this book shows what it's like to drive, strengths, weaknesses, and factory improvements made since the 2011 launch – from modifications, possible developments, and even why it is – or isn't – your kind of vehicle.
