successful full-time trader. His system—a meld of investing psychology and sound trading practice—is the secret to achieving optimum conditions that produce results in both bull and bear markets. Using the lessons of Super Trader, you will approach trading as you would a small business—realistically, systematically, and enthusiastically. Drawing on his decades of experience, Tharp has created a simple plan designed to help anyone master the market. You can put this plan to use immediately in order to:

- Master the psychology of trading
- Craft a “business plan”—a working document to guide your trading
- Develop a trading system tailored for your personal needs and skills
- Create position-sizing strategies to

meet your objectives Monitor yourself constantly to minimize mistakes Throughout the book, Tharp asks the pertinent questions you must ask yourself about becoming a trader, being a trader, and succeeding as a trader. The rewards that come with being a Super Trader—both financial and personal—make you feel as if you can leap small buildings in a single bound. Whatever your skill level, Tharp provides the formula for succeeding in a field where most people fail.

An increasing number of investors are entering the high-risk world of electronic day trading—often before

Where To Download Van Tharp

they've learned the basic principles and safeguards. Financial Freedom Through Electronic Day Trading combines Van Tharp's mastery of trading psychology with Brian June's nuts-and-bolts expertise to give day traders the proven strategies and information they need to survive and succeed. From little-known day trading entries and exits to techniques that foster winning attitudes and styles, these practical ideas will help readers develop their own personalized trading systems. The perfect combination of psychological preparation and hands-on practice, it discusses:

- *Market analysis from a day trading perspective
- *Techniques for determining a market maker's position
- *The best day trading software

Why investors lose money and how NOT to Wall Street makes it easy to jump into the game of trading. After all, they love taking your money. Trading without proper preparation could be a windfall for

Where To Download Van Tharp

your broker, but fatal for your account. In this e-book, bestselling financial writer and trading expert Van K. Tharp shares eight essential rules that will help you NOT lose your shirt and even make a profit in the world of trading. In *Eight Edges You Must Have: Your Written Trading Plan*, Van K. Tharp explains that success in the markets takes the same amount of—perhaps even more—work, study, and commitment that any other profession requires. For those people who are committed to learn how to trade properly, who do the obligatory work and possess the necessary talents, it is quite possible to make a lot of money in the market in the long run. To that end, he outlines the eight key reasons why

Where To Download Van Tharp

people lose money in their trading and investing and shows how to avoid them. Lists the eight essential reasons people fail at trading—from the fact that you're playing Wall Street's game to the common misconception that trading is technical when in fact, it's 100% psychological Written by recognized trading expert Van K. Tharp, bestselling author of Trade Your Way to Financial Freedom Reveals the secrets of trading psychology that can give traders a significant advantage Utilizing charts and solid data throughout the book, Tharp arms traders with eight essential rules to follow to protect themselves from falling into the traps awaiting the poorly prepared and to maximize their potential for coming out winners in the

Where To Download Van Tharp

game of the trade.

Praise for THE NEW MARKET WIZARDS "Jack Schwager simply writes the best books about trading I've ever read. These interviews always give me a lot to think about. If you like learning about traders and trading, you'll find that reading this book is time well spent."

-Richard Dennis, President, The Dennis Trading Group, Inc. "Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age." -Ed Seykota

"Very interesting indeed!" -John Train, author of The Money Masters "Successful trading demands longtime

Where To Download Van Tharp

experience because it requires firsthand knowledge. If there is a shortcut to this requirement, however, it is in reading about the experiences of others. Jack Schwager's book provides that shortcut. If you find yourself sweating upon occasion as you read, then you're as close to the trading experience as you can get without actually doing it yourself." -Robert R. Prechter, Jr., editor, *The Elliott Wave Theorist* THE NEW MARKET WIZARDS Some traders distinguish themselves from the herd. These supertraders make millions of dollars-sometimes in hours-and consistently outperform their peers. As he did in his acclaimed national bestseller, *Market Wizards*, Jack Schwager interviews a host of these supertraders,

Where To Download Van Tharp

spectacular winners whose success occurs across a spectrum of financial markets. These traders use different methods, but they all share an edge. How do they do it? What separates them from the others? What can they teach the average trader or investor? In *The New Market Wizards*, these wildly successful traders relate the financial strategies that have rocketed them to success, as well as the embarrassing losses that have proven them all too human. Meet the Wizards of Wall Street: * Stan Druckenmiller, who, as manager of the Soros Quantum Fund, realized an average annual return of more than 38 percent on assets ranging between \$2.0 and \$3.5 billion * William Eckhardt, a mathematician

Where To Download Van Tharp

who, in collaboration with trader Richard Dennis, selected and trained the now-legendary circle known as the Turtles * Bill Lipschutz, a former architect who, for eight years, was Salomon Brothers' largest and most successful currency trader * Blair Hull, a one-time blackjack player who began an options trading company with Asking the questions that readers with an interest in the financial markets would love to pose to the financial superstars, and filled with candid appraisals, *The New Market Wizards* takes its place as a classic.

"We're going to raise traders just like they raise turtles in Singapore." So trading guru Richard Dennis

Where To Download Van Tharp

reportedly said to his long-time friend William Eckhardt nearly 25 years ago. What started as a bet about whether great traders were born or made became a legendary trading experiment that, until now, has never been told in its entirety. *Way of the Turtle* reveals, for the first time, the reasons for the success of the secretive trading system used by the group known as the "Turtles." Top-earning Turtle Curtis Faith lays bare the entire experiment, explaining how it was possible for Dennis and Eckhardt to recruit 23 ordinary people from all walks of life and train them to be extraordinary traders in just two weeks. Only nineteen years old at the time—the youngest Turtle by far—Faith traded the largest

Where To Download Van Tharp

account, making more than \$30 million in just over four years. He takes you behind the scenes of the Turtle selection process and behind closed doors where the Turtles learned the lucrative trading strategies that enabled them to earn an average return of over 80 percent per year and profits of more than \$100 million. You'll discover How the Turtles made money-the principles that guided their trading and the step-by-step methods they followed Why, even though they used the same approach, some Turtles were more successful than others How to look beyond the rules as the Turtles implemented them to find core strategies that work for any tradable market How to apply the Turtle Way to your own trades-and

Where To Download Van Tharp

in your own life Ways to diversify your trading and limit your exposure to risk Offering his unique perspective on the experience, Faith explains why the Turtle Way works in modern markets, and shares hard-earned wisdom on taking risks, choosing your own path, and learning from your mistakes.
