Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

"A writer needs wide latitude so she can bring all her intelligence to the task," Ralph observes. "Assigning a particular format -- a hamburger essay, for instance -- would curtail this play, if not eliminate it entirely." That's why, instead of teacher-driven assignments, Joy Write shares the whys and the how of giving students time and autonomy for the playful, low-stakes writing that leads to surprising, high-level growth. First Ralph makes the case for carving out classroom time for low-stakes writing, despite pressure to focus on persuasive essays and test prep. Then he shares five big ideas for choice-driven, authentic, informal writing -- deeply engaging work that kids want to do. He also provides numerous suggestions for helping students build and flex their writing muscles, increase their stamina, and develop passion for expressing themselves with the written word. -- Provided by publisher.

Suggests ways to create writing classrooms that are boy friendly and offers techniques to engage boys in the writing process.

In clear language, Fletcher and Portalupi explain the simple principles that underlie the writing workshop and explore the major components that make it work.

Although his teacher insists there are stories everywhere, Ralph cannot think of any to write.
