After several incidents rock the Royal National Bank to its core, its share price tumbles and world stock markets begin to ripple. The world is on the brink of economic collapse. Tom is an unhappily married journalist from London, seeking to advance his career. Sally is single, ambitious and independent, visiting from Australia. They're both chasing the same story. Eager to research the wrongdoings at RNB exposed by whistleblowers, Tom and Sally follow a trail of leads from London to Glasgow, Manchester, Barcelona and Collioure. The path they tread is dangerous, and surrounded by cryptic warnings. Timing and diversity of the events makes it impossible for them to be coincidence or incompetence. But who could be powerful enough to mastermind the demise of the largest financial institution in the world?

Rescued by a playboy... ER nurse Megan Erickson needs all the support she can get after a broken engagement and becoming a mother to her brother's young children. The attention of ER physician Jonas Taylor, with his rootless existence and a playboy's reputation, is the last thing she needs. When an accident in ER has serious implications for Megan, Jonas reveals himself as her knight in shining armor. Megan would love to rest permanently on this rock and seek passion in his arms — if only she could persuade this restless

rescuer to stay and claim this family for his own....

Evan Pannick resumes his life after he and his soccer team have been in a hostage situation on Labor Day. It is back to normal after escaping and being on national TV or is it? Does that one huge day in his life where everything changed, alter him, his life and his future? Is it possible that his own perceptions and those around him have been changed? Evan Pannick returns to his pleasant reality in the place he loves and faces the familiar with a new perspective. A perspective that has sharp edges and dark implications.

Fascinating as the corporate takeovers of recent years have been--with their "golden parachutes" and junk bonds, "greenmailers" and white knights--it is far from clear what underlying forces are at work, and what their long-term consequences will be. Debate over these questions has become polarized: some see takeover threats as disciplinary mechanisms that induce managers to behave efficiently and move assets to higher valued uses or into the hands of more efficient managers; others claim that corporate raiders have produced few observable increases in operating efficiency, but rather have disrupted business planning, enforced a preoccupation with the short-term, and tilted the balance sheets of corporate America towards dangerously high debt levels. Such sharp conflicts in theory and evidence have produced considerable governmental confusion concerning the appropriate policy response. Scores of bills have been introduced in Congress, but legislators are no more in agreement than scholars. Knights, Raiders, and Targets represents one of the first sustained efforts to refine and clarify these issues. Based on papers presented at a

symposium sponsored by the Columbia Law School's Center for Law and Economic Studies, it also includes discussion of the informal presentations made at the symposium by the CEOs of several major corporations. This important book airs new theories and offers vital and exciting discussion of the essential issues attached to an event that has become central to American corporate culture.

Previously published in magazine format as Money guide.

Rescuing others, losing yourself. Are you a white knight? Are you attracted to needy, damaged, or helpless people? Do you feel like your love can heal your partner? Are you overly involved in your partner's problems? Are you hungry for constant reassurance in relationships? Do you make excuses for your partner? Do you try to "save" people from themselves? In legends and fairytales, the white knight rescues the damsel in distress, falls in love, and saves the day. Real-life white knights are men and women who enter into romantic relationships with damaged and vulnerable partners, hoping that love will transform their partner's behavior or life-a relationship pattern that seldom leads to a storybook ending. If this dynamic sounds familiar to you, you may be a white knight; hoping to receive admiration, validation, or love from your partners, but managing only to cheat yourself out of emotionally healthy relationships. It's time to come to your own rescue, and this book can help. With well-written analysis, engaging insight, and salient case studies, *The White Knight Syndrome* is a much-needed and well-executed guide to understanding and resolving the white knight syndrome in yourself.
